

2022-23 Attendance Zones

Subdivisions by School

In Frisco Independent School District, students are assigned to schools based on where they live. Due to our fast growth and small schools philosophy, the District re-evaluates attendance zone boundaries each year, which means attendance zones and feeder patterns can change regularly.

To make sure you have the most accurate information, we've created multiple tools to help, including this list of schools and the subdivisions or apartment complexes that feed them. To verify a specific address, please visit www.friscoisd.org/zones, choose the school year, grade level, and enter your address. You can also email zoning@friscoisd.org.
