Who Developed the Bond Package?

The Citizens Bond Committee met for several months studying information from demographers, planners, developers, project cost advisors, financial advisors and district officials regarding programs and facility needs. They brought forward a proposal that would provide educational facilities for up to 66,000 students.

Of the 27 members of the bond committee, 13 have served on previous Fisd bond committees. Members, a mixture of both parent and non-parent, represented all areas of the district.

Early Voting Opportunities Will Be Available at 49 FISD Schools

A one-time early voting opportunity will take place at 49 FISD campuses. FISD has done this in all previous bond elections, excluding 2006, which was the first bond election required to be held in conjunction with trustee elections and contracted through the county elections office. Electronic voting was coming online and voting at campuses was not an option at that time due to lack of equipment. We are going back to allowing voters to cast ballots at campuses as it provides localized neighborhood access to voting and increases voter turnout due to convenience.
