All of the rules in this document apply while student is on the bus as well as at the bus stop.

If it is after school hours and no personnel are at the school, the department will attempt to contact and make arrangements with family / emergency contacts.

If no one is available, the student will be taken to the police station. I have read and discussed the Bus Safety Rules with my student. I understand failure to follow rules and procedures may result in disciplinary action in accordance with the Student Code of Conduct.
