Dear CHS Stakeholders,

Student Safety:

- Parents, CHS is seeking your help in addressing an important safety concern. Please be advised and assist us in making your student aware of the **very real danger** of jaywalking/jayrunning on Rolater between CHS and Walgreens. We have repeatedly announced to our students that they are to utilize the crosswalk at the intersection of Rolater and Coit for their own and all motorists' sake and safety if they ever leave our campus and go to Walgreens before or after school. We continue to have students who do not heed this safe practice and traffic law, and therefore have more than one potential pedestrian/vehicle accident on almost a daily basis. That being the case, we announced to our students this morning that CHS will be enlisting the City's help in monitoring this location for jaywalkers/jayrunners. CHS has requested that the police department begin patrolling this location more frequently with the intent of possibly issuing citations in order to gain our students' attention and in effect, protect them from themselves. Your assistance with getting this word out and emphasizing the importance of this message is greatly appreciated as we strive to be proactive in our efforts to prevent a tragic accident before one actually happens. Thank you.
