Frisco ISD Mission Statement

By providing a unique learning environment that maximizes student opportunity and invests in meaningful relationships, the mission of the Frisco Independent School District is to partner with parents and community in developing caring citizens equipped to continue learning and pursue their aspirations.

Belief System

Education is a shared responsibility of students, school, home and community. With that as an essential principle, we believe that:

- Every person can learn.
- Each person is ultimately responsible for his/her own learning.
- Learning is lifelong and unlimited.
- Each person is unique.
- Everyone has equal inherent worth and deserves to be treated with respect and dignity.
- Everyone needs challenge and encouragement.
- Imagination and creativity are vital.
- Integrity is essential.
- A safe and orderly environment is necessary for learning.
- Meaningful relationships have profound lifelong impact.
- There is always room for improvement.

INTRODUCTION

This Academic Guide has been developed to provide important information for students and their parents. It will assist you in making wise, informed decisions concerning programs and course choices throughout your high school years.

The goal of Frisco Independent School District is to prepare students as thoroughly as possible for the next phase of their lives. Whether the student seeks a university degree or immediate employment in the work force, this guide contains important information to help direct the student in making informed decisions throughout high school. Information on grade classifications, graduation plans and class rank are included in this guide.

DISCRIMINATION DISCLAIMER

Frisco Independent School District does not discriminate on the basis of race, religion, color, national origin, sex or disability in providing education or providing access to benefits of education services, activities, and programs, including career and technology programs, in accordance with Title VI of the Civil Rights Act of 1964 as amended; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, as amended; and Title II of the Americans with Disabilities Act.

At the time this document went to print the Texas State Board of Education had not made final rulings on changes to graduation plan requirements. This document will be updated as information becomes available.

STUDENT INFORMATION

Classification of Students

The following standards apply to grade classification. Standing is determined at the start of each school year: Classification is for the complete school year.

Core Classes: English I, II, III, IV
Math: Algebra I, Geometry, Algebra II and/or 4th math
Science: Biology, IPC, Chemistry, and/or Physics or other approved courses
Social Studies: World Geography, World History, U.S. History, Gov't/Economics

Freshman: A student entering high school for the first time or having fewer than 5 credits.

To Become A Sophomore: A student who has earned a minimum of 5 credits with 3 of the 5 earned in core classes will be classified as a sophomore.

- 5 total credits
- 3 credits earned from any of the following courses:
 - English I
 - Algebra I or Geometry if Algebra I was earned in middle school
 - Biology or other eligible 9th grade course (IPC, Physics)
 - World Geography or other required social studies if moved in

To Become A Junior: A student who has earned a minimum of 10 credits with 6 of the 10 earned in core courses will be classified as a junior.

- 10 total credits
- 6 credits from any of the following courses:
 - English I, II
 - Algebra I, Geometry, or other required math course (Math Models, Algebra II)
 - Biology, IPC, Chemistry or Physics or other approved science course
 - World Geography, World History, or other required social studies

To Become A Senior: A student who has earned a minimum of 15 credits with 9 of the 15 in core courses and who is enrolled in a program that will allow for graduation will be classified as a senior.

- 15 total credits
- 9 credits from any of the following courses:
 - English I, II, III
 - Algebra I, Geometry, or other required math course (Math Models, Algebra II)
 - Biology, IPC or Chemistry and/or Physics or other approved science course
 - World Geography, World History, U. S. History or other required social studies

Students that are enrolled in the correct number of credits to graduate in the current school year may also be classified as a senior with principal approval.

Class Loads

In order to qualify as a full time student Frisco ISD students must be enrolled in at least the equivalent of 6 credit classes each semester, 5 of which must be state credits. Since FISD high schools have an eight period schedule, early dismissal permits may be granted for 11th and 12th grade students if they are satisfactorily progressing toward graduation. All 9th and 10th grade students must be enrolled in eight class periods. Since FISD high schools have an eight period schedule, early dismissal permits may be granted for 11th and 12th grade student

TAKS Exit Level

All students must pass the TAKS exit level test before being issued a diploma. Remediation will be offered to those students who fail any portion of the test. If you are retained in the 9th or 10th grades, you will take the TAKS test for that grade level even though you may have taken and passed that test the previous year.

Grading System

Student academic evaluation is achieved through the use of a grading system. An average grade of 70 is required for successful completion of a course. The grading system of the Frisco Independent School District shall be in accordance with the following scale:

- A - 90-100
- B - 80-89
- C - 70-79
- F - Below 70

One-half credit may be earned in one semester. Students who fail one semester of a course may:

- a. Take the semester failed when offered to gain a passing grade.
- b. Be permitted to continue the course and by cumulative grade average pass the unit.
- c. If the course is not a required course, the student may choose to take another elective.

Each teacher is required to effectively communicate their grading standards to students and parents. Grade reports are distributed each six weeks, usually on the Friday following the end of the grading period. Progress reports to parents are sent out at three-week intervals. All FISD secondary schools participate in the Home Access Center, a web based communications system that allows parents and students to obtain information online regarding the student's current grades as well as assignment information. Teachers are required to update their information every two weeks. Teachers may also include additional information as they deem appropriate. Students and parents will be given instructions regarding utilization of this system at the beginning of the year.

RANK IN CLASS POLICY

Rank in class, honor graduate status, valedictorian and salutatorian determination shall be based on a weighted grade point average (GPA) system. Grade points shall be based on semester grades and shall be computed to three decimal places. The average of the fourth and fifth six-week grades in the semester prior to graduation shall count as a semester grade for purposes of determining rank, honor graduate status, valedictorian and salutatorian.

GPA Exempt Courses

All courses taken during the regular school year shall count toward GPA, except for the following: aide positions, peer tutoring, high school credits earned in junior high, college credits that are not dual credits, driver's education, credit by examination credits, correspondence school courses, distance learning, SAT/ACT preparation and summer school courses. (This includes dual credit courses taken in the summer).

Weighted Grades

All numeric grades shall be converted to a weighted scale (see chart). No grade points shall be awarded for any grade below a 70.

Valedictorian and Salutatorian Requirements

Each district high school shall have a valedictorian and salutatorian. Candidates must be in attendance at the awarding high school continuously, commencing with enrollment no later than the first day of the second six-week grading period of the student's junior year through graduation. The valedictorian shall be the eligible graduate with the highest GPA; the salutatorian shall be the eligible graduate with the second highest GPA.

Ties

In case of a tie, the tie shall be broken with the following series of tiebreakers: Count the number of AP classes taken (the highest number shall be declared valedictorian). If still tied, add to this count the number of Pre-AP courses taken. If still tied, add to this count the number of honors courses taken. If still tied, average the junior and senior years only

Grade Point	AP/PAP	College Dual Credit	Regular
6.0	100		
5.9	99		
5.8	98		
5.7	97		
5.6	96

3.2	72	77	82
3.1	71	76	81
3.0	70	75	80
2.9	<70 no points	74	79
2.8		73	78
2.7		72	77
2.6		71	76
2.5		70	75
2.4		<70 no points	74
2.3			73
2.2			72
2.1			71
2.0			70
			<70 no points

Honor Graduates

Students earning a grade point average of 4.0 or higher shall be designated as honor graduates. A school may choose to designate levels of honor graduates.

Five-Year and Beyond Graduates

Students who take more than 8 semesters to complete their graduation requirements shall not be ranked (i.e. 5th year seniors).

Transfer Students

Students transferring to FISD with credit for honors or advanced classes from other high schools shall receive the weighted grade point average for those classes only if a comparable honors or advanced course was available to students at the high school at the same time the transferring student earned the honors or advanced course credit.

GENERAL INFORMATION

Academic All-Stars

At the end of the fifth six weeks, students who have been enrolled in at least the minimum number of courses and attained a grade no lower than 90 on any **six weeks grade**, will be designated an "Academic All-Star." A medal will be presented to these students at the awards assembly at the end of the school year. The semester grades for college co-enrollment courses will be used and no points will be added for college co-enrollment, honors or AP courses.

Academic Letter Jackets

FISD recognizes academic achievement through the awarding of Academic Letter Jackets. Juniors and Seniors in FISD may earn this recognition by meeting the following standards:

- The student must earn a cumulative 4.5 or higher weighted grade average for a minimum of 4 semesters of high school course work. Only juniors and seniors are eligible under this criterion.
- All classes that count for class rank will be considered.
- At least 1 of those four semesters must be completed at an FISD high school.
- Students who have less than a 4.5 weighted grade average after 4 semesters, but whose cumulative grade average Improves to a 4.5 or higher at the end of any subsequent semester may apply for the award at the end of that semester.
- Jackets will be ordered during the same time period as athletic letter jackets. Students attaining the necessary standard at the end of the second semester of any year will order their jacket the following year.
- Students may receive only one letter jacket during their high school career.
- Students who believe they are eligible must complete an Application for Academic Letter through the Registrar's Office.

Changing Class Schedules

Students pre-enroll in the spring semester for the upcoming school year, and the master schedule will be based on that information. Students will be able to see and change their course requests through May 14th 2010, by contacting their counselor. Following this deadline, only program changes will be allowed through the second week of each semester.

Pre AP/AP classes are the only classes that may be dropped at the end of the 1st six weeks grading period of a course or at the end of the semester. This change will occur only if the teacher, student and parent concur on the change. If consensus is not achieved, the issue will be referred to the Campus Intervention Team.

Community Service Program

The purpose of the program is to promote volunteer service to the school and community. Students who complete all requirements of the program will be recognized at their graduation ceremony by a colored cord and recognition in the graduation program.

Students wishing to participate should complete 100 hours of service, either individually or as part of a group project. All documented volunteer hours will be accepted including required hours completed for other organizations. The hours must be completed in grades 9-12 (hours completed during the summer following the 8th grade will also be accepted).

Students must complete a documentation form located on Family Connection. Hours should be turned in to the registrar's or counselor's office as they are completed but no later than April 1st of the year in which the student intends to graduate. Undocumented hours will not be accepted.

Community Service Guidelines:

- Volunteer work done for a non-profit organization geared towards improving the community (Red Cross, American Cancer Society, Frisco Family Services, etc.)
- Volunteer work done as part of a civic, religious, school, charity or community organization geared towards improving the community or school (Rotary Club, NHS, Frisco Family Services, etc.).
- Work performed by a religious organization must be work that could be performed by a non-religious organization.
- Must be completed outside the school day.

Examples of Non-Community service:

- Babysitting for a neighbor without being paid.
- Tutoring your little brother (tutoring others may count if arranged through the NHS or the counseling department).

Credit by Exam for Acceleration

High School Credit by Examination - Without Prior Instruction

High school students who wish to earn credit for a course in which they have had no prior formal instruction may test through credit by exam. Examinations for Grade 9-12 are criterion referenced tests from Texas Tech University, University of Texas, or the testing instruments approved by the Superintendent or designee. Student must demonstrate 90% or higher mastery on the exam in order to earn credit. Courses taken for high school credit will not be computed in class rank. Students are encouraged to review the course study guide on the university website.

Texas Tech University www.depts.ttu.edu/ode/cbereview

University of Texas www.utexas.edu/cee/dec/k16/index.php?page=credit

Applications are available from the high school counselor and must be returned to the counselor for processing. Parents should be aware that there are no exceptions available for students to test for acceleration and plan accordingly. Students may test at any time during the testing window, but must be registered by the test application deadline. The application deadline and testing window will be determined at the start of each school year and can be found at : <http://www.friscoisd.org/departments/Testing/FriscoISDOnlineCreditbyExamination-HighSchool.htm>

For students who move to the Frisco community at the start of the school year, every effort will be made to provide an opportunity for student to test during the second or third week of school, if the course credit is necessary for first semester course scheduling. There is no charge for testing. Students who register for an examination and do not take the examination will be assessed a fine equivalent to the cost of procuring the examination. Exam results will be mailed to the counselor after scoring is completed.

Students who may potentially be candidates for athletic scholarships should be advised that credits earned through credit by exam do not qualify for minimum core course requirements under NCAA guidelines. See the following link for specific information: <https://web1.ncaa.org/eligibilitycenter/hs/faq.pdf>

Credit by Examination- With Prior Instruction

Students under certain circumstances may be able to take Credit by Exam for a course in which they have had prior instruction but did not receive credit. This option must be approved by the campus principal (or designee). This option generally applies to students who have not earned credit due to extenuating circumstances such as a family move, illness, etc. To be eligible for a credit by exam, a student must have had prior instruction in the course and earned a grade of 60 or higher in the initial course effort. It also may apply to students who were home schooled or attended a non-accredited private school who need state approved credit. Students who attended school in a foreign country which was taught in a language other than English may also qualify to test that language (French, Spanish, German) with prior instruction. Students are encouraged to review the course objectives provided on the university website. Students who may potentially be candidates for athletic scholarships should be advised that credits earned through credit by exam do not qualify for minimum core course requirements under NCAA guidelines. See the following link for specific information. <https://web1.ncaa.org/eligibilitycenter/hs/faq.pdf>

Texas Tech University www.depts.ttu.edu/ode/cbereview

University of Texas www.utexas.edu/cee/dec/k16/index.php?page=credit

Students must demonstrate 70% or higher mastery on the exams. Applications are available from the school counselor. There is a fee of \$30 for each semester exam. Students may test at any time during the testing window, but must be registered by the test application deadline. The application deadline and testing window will be determined at the start of each school year and can be found at : <http://www.friscoisd.org/departments/Testing/FriscoISDOnlineCreditbyExamination-HighSchool.htm>

Credit Recovery Guidelines

The goal of the Frisco ISD Credit Recovery Program is to assist students deficient in credits while at the same time preserving the integrity of the FISD diploma. FISD will insure that every student has the opportunity to acquire the credits necessary to earn a diploma. It is the responsibility of each student to be aware of their progress toward a diploma and to take full advantage of the assistance available. Contact the individual campus for additional information.

First year students:

First year high school students who fail a course may recover credit through the following options:

1. Correspondence
2. Credit by Examination
3. Summer School
4. On-line courses
5. Repeating the class during the school day
6. Credit Recovery class scheduled before or after school either on the home campus or at the Student Opportunity Center.

Second, third, and fourth year students:

Second, third, and fourth year students who fail a course will follow the same guidelines as first year students with the added option of a Credit Recovery class scheduled during the school day. Students must first demonstrate effort to recover credit through options 1-6 listed above before enrollment in a school day program will be considered. An exception will be made only in extenuating circumstances (i.e. extended illness, homelessness, teen parent, students new to FISD) as determined by the Campus Intervention Team and the campus principal.

Fifth year students:

Fifth year students will be evaluated on an individual basis by the Campus Intervention Team and the principal.

The following information pertains to all grade levels:

- Any cost associated with Credit Recovery option outside of the school day will be the responsibility of the student and parent.
- The cost for FISD credit recovery classes offered outside the school day will be \$150 for each 1/2 credit course. Course progress will be checked weekly and good attendance and effort must be evident or the student may be dismissed from the credit recovery class with no refund.
- Transportation to and from the Student Opportunity Center for credit recovery class either outside of the school day or during the school day will be the responsibility of the student and parent.
- No student will be allowed to enroll in a school day Credit Recovery class after April 15.
- Seniors planning to participate in graduation must provide proof of credit earned and recorded at least 5 school days before graduation. All other students must provide proof of credit prior to the start of the following school year in order to receive credit that would result in promotion to the next grade level. Reclassification is only done each year prior to the start of the school.
- At least 50 percent of the credits earned toward a diploma must come from the regular school program. Of the remaining credits, no more than eight may come from credit recovery, with school day credit recovery limited to no more than four credits. An exception will be made only in extenuating circumstances (i.e. extended illness, homelessness, teen parent, students new to FISD) as determined by the Campus Intervention Team and the campus principal.
- During the second semester, a fourth year student failing a course required for graduation will be limited to credit recovery outside of the school day only.
- Students must seek prior approval from appropriate campus staff before enrolling in any of the credit recovery options.
- Students should refer to existing guidelines for details regarding correspondence, credit by exam, summer school or on-line courses.
- Final decisions regarding placement in credit recovery rest with the campus principal.

Dual-Credit Courses

Qualified students may be enrolled concurrently with an FISD high school and Collin County Community College. Students in dual credit classes will earn both high school and college credit. Admission requirements include successful completion of the THEA test or proof of exemption from THEA. Students are responsible for paying the tuition, books and fees. Transportation is not provided to or from classes. Student must meet admissions requirements. See counselors for details.

Early Graduation

Students interested in early graduation should see their counselor. A declaration of intent must be filed after May 1 of the second year of high school but prior to September 1 of the third year.

Course Enrollment - Grade Level Requirements and Prerequisites

Enrollment is limited by grade levels listed. Students must be classified in the appropriate grade in order to sign up for a course. The prerequisite listed must be met for each course. Please note grade and prerequisites with each course description.

Late Arrival or Early Release

Juniors and seniors who are on track for graduation with regard to both credit and TAKS requirements may sign up for either late arrival or early release. Students who opt for either must have transportation and may not be on campus when they are not scheduled in a class. Any student unable to leave campus immediately after their last class will not be permitted to have early release.

Official Transcripts

A \$1 fee will be charged for each official transcript. If students wish to avoid the \$1 fee, they can supply an addressed and stamped envelope. Unofficial transcripts are free and the number is unlimited.

Recommendations for College Preparation

It is highly recommended that students planning to enter college take all math, science, English and social studies courses possible, whether taking the Recommended Program, Distinguished Achievement Program or the regular course of study. Electives should be selected that will best prepare the student for college work.

Residence Requirements for Diploma

Seniors who do not complete the last semester's work in FISD but desire to receive a diploma from an FISD high school must have prior approval from the Board of Trustees.

Sophomore TAKS policy

Any student who does not demonstrate mastery of any part of the Grade 10 Texas Assessment of Knowledge and Skills (TAKS) test shall be required to enroll in a course designated to prepare for success on the TAKS Exit Level test each semester until mastery is achieved. These prescribed courses are designed to strengthen knowledge and skills and to enhance the student's opportunity for satisfactory performance as required by the state for graduation. Remediation classes shall be offered each semester of the academic year and for one summer term at no cost to the student.

Summer School, Correspondence Courses and Credit by Exam

Students who have failed one or more classes may make up credits lost by attending summer school, taking correspondence courses, or credit by exam. Correspondence courses and credit by exams must be ordered through the counseling office. Correspondence courses do not require previous instruction, but a limit of two credits in correspondence courses will be accepted toward graduation requirements. Students may be enrolled in only one correspondence course at a time. To be eligible for a credit by exam, a student must have had prior instruction in the course and earned a grade **greater than 60**. Students who wish to have more information on any of the above should contact their counselor.

Top 10% Program (Excluding University of Texas at Austin)

Top students are eligible for automatic admission to any public university in Texas. Under House Bill 588 passed by the 75th legislature in 1997, students who are in the top ten percent of their graduating class are eligible for automatic admission to any public university in Texas.*

To be eligible for automatic admission, a student must:

- Graduate in the top 10 percent of his/her class at a public or private high school in Texas on the recommended or distinguished diploma program.**
- Enroll in college no more than two years after graduating from high school; and
- Submit an application to a Texas public university for admission before the institution's application deadline. Since deadlines vary, please check with the specific university to verify the application deadline. Application deadlines are FIRM deadlines. A student missing a deadline is usually denied admission.

**Students deficient in admission requirements MAY be required to take enrichment courses before being admitted*

***The law states that class rank shall be based on the end of 11th grade, middle of 12th grade, or at high school graduation, whichever is most recent when the application is completed.*

Top 8% Program (University of Texas at Austin ONLY)

Senate Bill 175, passed by the 81st Texas Legislature, allows the University of Texas at Austin to limit automatic admission to 75 percent of the university's enrollment capacity designated for first-time undergraduate students beginning with admissions for the 2011-2012 academic year.

The University has determined that they will automatically admit all eligible 2011 summer/fall freshman applicants who rank within the top 8% of their high school graduating classes with remaining spaces to be filled through holistic review.

THEA

THEA is a state mandated placement test for Texas public colleges and universities. Effective in the fall 1998, the Texas Legislature requires that all first-time college students take the THEA test prior to the first day of college classes. THEA is given six to eight times a year and registration bulletins are available in the guidance center or sign up at www.thea.nesinc.com. Students may be exempt from THEA with an:

- ACT composite score of 23 with a minimum of 19 on both the mathematics and English tests or;
- SAT score of 1070 in critical reading and math combined with a minimum of 500 on each of the mathematical and critical reading tests or;
- TAKS Exit-level score of at least 2200 in math and 2200 in ELA, with a score of 3 or higher on the writing test.

TEXAS Grant

The state legislature established the TEXAS (Towards Excellence, Access and Success) Grant to make sure that well-prepared high school graduates with financial need could go to college. For more information: <http://collegeforalltexans.com/index.cfm?ObjectID=E81912E0-DF96-53C5-8EE1C469C7298F15>. TEXAS Grant eligibility rules may be tightened for 2010. The new rules were not published at the time this catalog went to print.

Who can apply? Students who...

For an initial award

- Are Texas residents
- Have not been convicted of a felony or crime involving a controlled substance
- Show financial need
- Estimated EFC (estimated family contribution) less than or equal to \$4,000
- Register for Selective Service or are exempt from this requirement

AND

- Be a graduate of an accredited high school in Texas not earlier than the 1998-99 school year
- Complete the Recommended High School Program or Distinguished Achievement Program in high school
- Enroll in a non-profit public college or university within 16 months of graduation from a public or accredited private high school in Texas and
- Have accumulated no more than 30 semester credit hours, excluding those earned for dual or concurrent courses awarded for credit by examination (AP, IB or CLEP)

Or

- Have earned an associate degree from a public technical, state or community college in Texas and
- Enroll in any public university in Texas no more than 12 months after receiving their associate's degree.

Students entering the program from high school who continue in college and who meet program academic standards can receive awards for up to 150 semester credit hours, until they receive a bachelor's degree, or for five years if enrolled in a 4-year degree plan or six years if enrolled in a 5-year degree plan, whichever comes first.

How can you apply?

You apply for the TEXAS Grant when you complete and submit the [Free Application for Federal Student Aid \(FAFSA\)](#) or other application as required by your college's financial aid office. Funding is limited, so you need to submit your application as soon as possible after January 1 of your senior year. The financial aid office at each college and university will determine if TEXAS Grant is part of the aid package that is offered to you.

ACT and SAT

Registration packets for the SAT® and ACT® are available in the guidance center. Students should see their counselor for help in determining which test to take. Students should plan to take their admissions test in the spring of their junior year. The *tentative* test dates for the 2010-2011 school year are:

SAT

October 9
Nov. 6
December 4
January 22
March 12
May 7
June 4

ACT

September 11
October 23
December 11
February 12
April 9
June 11

Register online at:

www.collegeboard.com (SAT®)

www.act.org (ACT®)

School codes are as follows:

CHS 442-633

FHS 442-635

LHS 445-579

WHS 442-602

HHS 442-488

LHSH - Contact Counseling
Office for code

PSAT/NMSQT

The Preliminary SAT/National Merit Scholarship Qualifying Test is a multiple choice standardized test administered by the College Board and National Merit Scholars Corporation (NMSC). The PSAT will be given on October 13th to all sophomores. Juniors are encouraged to sign up and take the PSAT.

PSAT/SAT® Preparation Available

The College Board SAT On-Line Readiness Program™ is available to all FISD students in grades 9-12 free of charge. Students will receive log-on instructions on their home campus. Once a password is assigned, students will be able to access this web-based program either from school or home. This test preparation package contains released SATs, lessons related to specific skills, and practice prompts so that students may write essays to be scored online using the College Board rubric. This program is also valuable for those preparing for the PSAT/NMSQT®. In fact, this program allows students, who take the PSAT as sophomores to logon, enter their PSAT identification number and receive a detailed analysis of their performance. The program will then suggest lessons designed to improve their score for junior year testing which is tied to the National Merit Scholarship program.

PLAN

The PLAN (ACT's College Readiness Test for 10th graders) is a comprehensive guidance resource that helps students measure their current academic development, explore career/training options, and make plans for the remaining years of high school and post-graduation years. As a "pre-ACT" test, PLAN is a powerful predictor of success on the ACT. Sophomores are encouraged to sign up for and take the PLAN (practice ACT).

AP Exam Dates

May 2nd – 6th and May 9th – 13th.

PRE-AP and Advanced Placement Program

What is the Pre-AP/AP® Program?

The Pre-AP/AP® Program allows students to participate in college preparatory courses and college level courses while still in high school. Secondary schools and colleges cooperate in this program to give students the opportunity to show mastery in college level courses by taking AP exams in May of each school year. With successful completion of an AP exam, many colleges will issue college credit. If a student scores a 3, 4 or 5, FISD will reimburse the registration fee for taking the AP Exam. This gives students an opportunity to receive college credit at no cost.

What are the advantages of my student taking Pre-AP/AP courses?

The main advantage of taking a Pre-AP/AP® course is better preparation for college. Students who take AP exams may receive college credit while still in high school, saving both time and money. Because the AP curriculum is standardized across the nation, colleges and universities look favorably on students who have completed this course work, as they understand the depth and breadth of these challenging courses. Selected universities may expect to see AP course work on a transcript. Students planning to apply to highly competitive colleges and universities are encouraged to take full advantage of PreAP and AP course offerings.

Who can enroll in a Pre-AP/AP®course?

Any student can enroll in a Pre-AP or AP®course. Students should consider their grades in prior course work, teacher recommendations and achievement levels on PSAT, PLAN, or other standardized tests when making decisions on the Pre-AP and AP® program. Counselors can help students make informed decisions on the appropriate level course work, but admission is open to any student who chooses to take a Pre-AP or AP®class. **Students are cautioned to choose their classes carefully and to pay attention to their overall class load and extra-curricular load.**

Pre-AP and AP courses offered at FISD High Schools

Pre-Advanced Placement

English 1
English 2
World Geography
Biology
Physics
Chemistry
Spanish 2
Spanish 3
French 2
French 3
German 2
German 3
Geometry
Algebra 2
Pre-Calculus

Advanced Placement

English Language and Composition
English Literature and Composition
World History
United States History
United States Government and Politics
Macroeconomics
European History
Biology
Human Geography
Physics B
Physics C:Mechanics
Environmental Science
Spanish Literature
Spanish Language

Art History
StudioArt: 2-D Design
Studio Art: 3-D Design
Studio Art: Drawing
Computer Science A
Chemistry
Calculus AB
Calculus BC
Statistics
Music Theory
Physics C
German Language
French Language
Psychology

GRADUATION PLANS FOR SENIOR CLASS 2011 AND BEYOND

AREA	MINIMUM PLAN	RECOMMENDED PLAN	DISTINGUISHED PLAN
ENGLISH	4 Units English I English II English III English IV	4 Units English I English II English III English IV	4 Units English I English II English III English IV
MATH	3 Units Including Algebra I and Geometry	4 Units Algebra I Geometry Algebra II 4th Year Math	4 Units Algebra I Geometry Algebra II 4th Year Math
SCIENCE	3 Units Including Biology I and IPC	4 Units Biology, IPC, Chemistry and 4th Year Science or Biology, Chemistry, Physics and 4th Year Science * IPC will be phased out of the recom- mended plan after the 2011-2012 school year. See your counselor for more details	4 Units Biology, Chemistry, Physics and 4th Year Science
SOCIAL STUDIES	4 Units World Geography, World His- tory, US History, Government and Economics	4 Units World Geography, World History, US History, Government and Eco- nomics	4 Units World Geography, World History, US History, Government and Economics
FINE ARTS	1 Unit Art, Music, Theater, Dance Band or Orchestra	1 Unit Art, Music, Theater, Dance Band or Orchestra	1 Unit Art, Music, Theater, Dance Band or Orchestra
SPEECH	.5 Units Communications Applications	.5 Units Communications Applications	.5 Units Communications Applications
HEALTH	.5 Units	.5 Units	.5 Units
COMPUTER TECHNOLOGY APPLICATIONS	1 Unit BIM I or II, Computer Science I or II, Multimedia, Desktop Pub- lishing, Digital Graphics and Animation, Web Mastering	1 Unit BIM I or II, Computer Science I or II, Multimedia, Desktop Publishing, Digital Graphics and Animation, Web Mastering	1 Unit BIM I or II, Computer Science I or II, Multimedia, Desktop Publish- ing, Digital Graphics and Anima- tion, Web Mastering
Foreign Language	None Required	2 Units of the same language Spanish, German, French or Ameri- can Sign Language	3 Units of the same language Spanish, German, French or American Sign Language
Physical Education	1 Unit	1 Unit	1 Unit
Electives	7 Units	4 Units	3 Units
TOTAL	25 Units	26 Units	26 Units * plus advanced measures

At the time this document went to print the Texas State Board of Education had not made final rulings on changes to graduation plan requirements. This document will be updated as information becomes available.

Important Information Regarding Graduation Plans:

- Algebra I taken in middle school for high school credit will count as one of the four courses required for math
- For students entering Grade 9 in 2007-2008 until 2011-2012 on the Recommended Plan, ICP cannot be taken as the final or fourth year of science, but must be taken before the senior year of high school. For students entering Grade 9 in 2012-2013, ICP will not be an option for the Recommended Plan.
- Per state requirements, students are required to complete the Recommended Plan or Distinguished Achievement Plan. Students opting for the Minimum Plan will need the permission of their parent, counselor and administrator.

Distinguished Achievement Program Requirements

- Completion of the Recommended Program
- 3rd credit in the same foreign language
- IPC is not an option for Science credit
- Completion of any four measures from any combination of the three advanced measures listed below:
 - Original research/project
 - Test performance on A.P. exams or PSAT.
 - College course work in which a grade of B or higher is earned, including Tech-Prep courses.

Complete explanations of each of the advanced measures can be obtained from the guidance office.

RECOMMENDED GRADUATION PLAN WORKSHEET FOR SENIOR CLASS 2011 AND BEYOND

8th or Summer School	9th Grade	10th Grade	11th Grade	12th Grade
	1. English I	1. English II	1. English III	1. English IV
	2. Algebra I or Geometry	2. Geometry or Algebra II	2. Algebra II or Pre-Calculus	2. 4th Year Math
	3. World Geography	3. World History	3. US History	3. Government & Economics
	4. Biology	4. IPC or Chemistry	4. Chemistry or Physics	4. 4th Science
	5.	5.	5.	5.
