

2011 Exemplary Campus

Congratulations are due the students, faculty, staff and parents of Centennial High School for their combined academic efforts in 2010-11. Centennial High School has been recognized by the Texas Education Agency as an Exemplary Campus for 2011 based on the exceptional efforts of our students and teachers as they pertain to the criteria utilized to evaluate and determine the effectiveness and success of Texas public schools. This is the third consecutive year that CHS has been recognized with an Exemplary rating. Due to the transition of the Texas accountability system from TAKS to STAAR, this Exemplary rating will remain in effect through the 2012-13 school year.

Centennial High School was one of only three (3) 4 A high schools to earn this prestigious rating. Highland Park High School and Lake Travis High School joined Centennial as the only other 4 A high schools in Texas to be rated as Exemplary campuses. This honor truly speaks volumes to the efforts of our students, teachers, staff and parents and you are all to be commended and applauded for your efforts. CONGRATULATIONS TITANS!
