

## Home Access Center

Did you know that the Home Access Center only reflects final six week grades after report cards have been printed? This means that at the end of the year, you will not see student exam grades, semester 2 grades or year-end grades until the report cards are ready to mail. The HAC Help email address [CHSHAC@friscoisd.org](mailto:CHSHAC@friscoisd.org) is only monitored while school is in session, and the HAC will be turned off at some point during the summer to prepare for the fall. Once turned off, parents and students will not have access to HAC again until around the 3<sup>rd</sup> week of the 2011-12 school year. Around that time, every student will also receive a letter with their current HAC login information.

Thanks! 😊
