Bio & Education

I love learning new things. I have my Bachelor's degree from the University of Houston and my Master's from Texas Tech. I have taught all areas of Family and Consumer Sciences and enjoyed each and all of them.

I especially enjoy watching students grow and develop as they assume new roles. I received my twenty-five year service pin in Frisco ISD last year. This school district has been a wonderful place to learn and grow.

Course Taught

I currently teach Child Care Guidance and Management and Ready Set Teach I and II

My conference is 4th period each day from 2:30-4:00.
