Bio & Education

I graduated in 1976 from the United States Air Force Academy with a Bachelor of Science degree in Engineering. After which I took a commission in the US Navy and became a Naval Aviator. I flew for sixteen years with the Navy from numerous aircraft carriers and as an instructor pilot. After my Naval career, I received my Texas teacher's certification from Texas Woman's University. This is my sixteenth year as a teacher, and the eighth in Frisco ISD.

Course Taught

I currently teach Digital Home Technology Integration and Introduction to Electronics in the mornings. In the afternoons, I am at Centennial High School where I teach Tech Intro to CAD.

My conference is 2nd period each day from 10:15-11:30 AM.

Activities/Hobbies

- My wonderful wife is the librarian at Centennial High School
- We have two faithful four-legged kids
- I enjoy travelling to different places, both in the US and abroad, and have been known to dabble a bit around a kitchen.
