

DENISE WHARTON, R.N.

SCHOOL NURSE

whartond@friscoisd.org | Ofc: 469-633-6788 Fax: 469-633-6789

Bio & Education

I have wanted to be a nurse since I was 7 years old when I helped my grandma, who was ill. She called me her little nurse. Graduated nursing school, from Murray State College in 1985 and have enjoyed being a nurse and learning different areas of the practice. A few of the areas are Medical/Surgical, Transplant, Triage, Orthopedic, Research, Assessments, and School Nursing. Being a certified CPR and First Aid instructor allows me to teach on occasion, which is something I enjoy. My position with Frisco ISD has been rewarding and one of my favorite in my career.

Activities/Hobbies

- Proud mom and wife
- Spending time with my family and friends
- Photography
- Reading
- Forensics

Nurse's Clinic

Please stop by the clinic, call, or email me with any concerns you may have about your child's health. If you have not completed the Student Healthcare Form, please request a copy, complete it, and return it to the CTE. We will administer first aide to your child, but we need your permission to give them any over-the-counter medication.

Thank you
