

# ESCHOOL HOME ACCESS CENTER

## *SCREENSHOT QUICK REFERENCE*

Dear Parent,

The remainder of this document contains a screenshot for each tab of the Home Access Center. Important features are highlighted with brief explanations.

You will notice that on each tab, if you click the name of a class, a Class Information window will open. This window will contain links to any files the teacher has uploaded (Weekly Lesson Plans, Course Syllabus or Description, etc.).

Similarly, on each tab, if you click the name of an assignment, an Assessment Information window will open. This window will contain any details the teacher has entered for the assignment, and any files the teacher has uploaded for this individual assignment (worksheet, notes, review sheets, rubric, etc.). *If there is no class work showing, this means that the teacher has not published anything yet.* You can contact the teacher by email by clicking on the hyperlinked name of the teacher.

### **Important Note**

To open a file the teacher has uploaded (Weekly Lesson Plans for the class, Worksheet for an Assignment, etc.), you must first Save it to your computer. This allows your anti-virus software to scan it before it is opened. The file will not open directly from the browser, but must be Saved and then opened from your computer.

I hope this document proves to be of assistance to you. If you have any other questions or concerns regarding the technical aspects of the Home Access Center, please don't hesitate to contact me.

Thank You,

Kim Hampton

Class Notes for FNA25140M - 1 Beginning Orchestra

Date	Note
09/25/2006	Maali is doing well and seems excited about music. She understands how to read notes on the staff and knows the notes on her violin. For the second six weeks I would like for her to work on playing fingers on the top of the violin. This is a slow process to accomplish and I know she will do well. Thanks!

Student's schedule for the year is on this tab.

Clicking on the course name will open the Class Information window.
