

Reusable Bag Art Contest!

Frisco Environmental Services is working with local partners to create a “Frisco” reusable bag. This bag will show our community’s environmental pride in reducing the amount of plastic bags we use in Frisco.

But we need your help to design the bag!

Visit your school’s Green Team Coordinator, go to www.FriscoTexas.gov/Recycle, or contact Mr. Jeremy at 972-292-5914 to get the official entry form and see the rules of the contest. The winner’s artwork will be displayed on these cool reusable bags that will be available at participating local grocery stores.
