Offering the Gift of Learning Everyday

Weekly Communication Folder

Remember to look for the weekly communication folder that will be sent home every Thursday. Your child's teacher will send home graded work and a weekly update of class and campus activities scheduled for the week.

Please review and discuss with your child.

Each grade level also provides a weekly newsletter for parents. The newsletters are sent electronically. If you would prefer a hardcopy we will be glad to provide.

Join PTA

Ogle PTA strongly supports and promotes involvement in the school with our parents, students and staff. You will receive information from PTA throughout the year announcing programs and family activities. We encourage all parents to get involved. Membership forms are located in the school office and at www.oglepta.org
