

# 7 Strategies for Developing Capable Student

September 16, 2010  
Robertson Elementary @ 7pm  
Presented by  
**Patrice Dunn M.Ed., LPC-S**  
FISD Parental Support Coordinator

In an effort to move our students from striving to thriving they must be able to:

- Face problems and challenges
- Believe that life has meaning and purpose
  - Become accountable for their actions
  - Acquire self-control and self-discipline
- Develop skill to communicate, cooperate, negotiate, share, empathize and listen
  - Learn to be adaptable and flexible
- Identify resources for planning, making choices,
  - and decision making
