

Robertson Elementary Shoe Drive for Haiti

Please help Robertson Elementary along with The Shoe Bank to conduct a special collection for the victims of the catastrophe in Haiti!

Shoes will prevent serious illness and save lives in Haiti by preventing parasites from entering children's bodies through unprotected feet.

We need gently used or new shoes for children of all ages. They need to be durable (ex. no flip flops or dress shoes.) Please tie the laces of the shoes or use rubber bands to keep the pairs together.
