

Make a Difference for Students with Communication Disorders!

The Special Education Department is currently using iDevices for students with:

- Autism
- Down Syndrome
- Intellectual Disabilities
- Cerebral Palsy
- Speech Impairments

iDevices have the following benefits over more traditional communication devices:

- Cost thousands of dollars less
- More portable
- User friendly and easy to program
- The “cool” factor

FISD is accepting donations of the following new or gently used devices:

- iPod Touch—second generation and higher
- iPhone—second generation and higher
- iPad—any generation
- Otterbox or other sturdy cases
- Charging cords

Tax receipts can be given.
