

HAPPIER KIDS, HAPPIER PARENTS

Love and Logic Process:

Love allows children to grow through mistakes.

- Logic allows children to learn from the consequences of their choices.

Solutions that work right now to:

- Put an end to misbehavior in public
- Take the battle out of bedtime, eating, and picking up toys
- Prepare children for the real world

Strategies that teach kids to:

- Solve their own problems
- Think for themselves
- Raise their responsibility level

Love and Logic Topics:

- Handling Misbehavior without Breaking a Sweat

Becoming a Love and Logic Parent: Raising Responsible Kids

Learn effective techniques that help build respectful and responsible children

PTA Meeting

Monday, February 13, 2012 at 7pm
Clark Middle School Cafeteria

With Amy Diehl • Independent Love and Logic Facilitator

Put the fun back into parenting!
