

Dear Parents/ Guardians,

We would like to extend a warm welcome from the Shawnee Trail PTA SAGE Committee. This committee was established to help educate and support families with diverse learners. For those of you not familiar with this committee, the acronym SAGE represents **S**pecial and **G**ifted **E**ducation. Regardless if your child is receiving extra help or advanced help this committee is here to help point you in the right direction.

This year we will be focusing on awareness of different kinds of abilities children at Shawnee Trail have and how they need to be praised and recognized. We will be working closely with Mrs. Forsythe (Special Education Teacher) and Mrs. Manley (Gifted and Talented Teacher) to create opportunities for their students to share their talents and gifts with the Shawnee Trail community.

If you feel this is something you would like to get involved with or just receive further information about. Please fill out the contact information below. You will be notified of any events and new information pertaining to Special education in your community. Remember every child is like a snowflake, unique and beautiful.

Sincerely,
Gloria Patxot
PTA SAGE Chair
