

# Sparks Birthdays

Dear Parents and Students:

Each Friday during the assembly we celebrate the birthdays of students and faculty for the current week. Then beginning in February, we celebrate not only the birthdays for each week, but also the summer birthdays through August. We want to make sure that everyone has an opportunity to get on the stage to sing and dance to celebrate this special day. Below is a list of the assembly dates and the birthday week we will be celebrating through December. The birthdays for a week run from Sunday through Saturday of the week unless we will be out of school and then weeks are combined.
