

This year will be my eleventh year in Education and I have to say, "There is no place like Frisco ISD and there is definitely no place like Taylor Elementary!" Taylor is a fabulous school sparkling in pride and excellence and I'm proud that I helped open it four years ago.

I was born and raised here in Texas. I grew up in Odessa, Texas, where my parents still live. After graduation from the University of Oklahoma, I wanted to be closer to my family so I went back to West Texas to teach in Midland Independent School District. I taught Fifth grade for one year and Third grade for 5 years. While teaching, I received my Master's Degree in Educational Administration from University of Texas of the Permian Basin and served as an Assistant Principal in Midland ISD for two years. In 2006 I was hired to teach third grade here at Taylor Elementary. This will be my fourth year at Taylor and my second as the Assistant Principal.

As assistant principal, my responsibilities include school safety, curriculum development, student attendance, student discipline, and supervision. I am a member of the Texas Elementary Principals and Supervisors Association.
