

Frisco ISD is Going Green!

Frisco ISD is implementing an exciting new enrollment system this year from Infosnap. In an effort to reduce paper waste, improve accuracy, increase efficiency, and save parents time, we will be replacing some of our previous paper practices with online alternatives. This new process will begin in the 2010-2011 school year. As a parent, you will receive a letter and/or email from Frisco ISD with a unique website login and information on how to complete the required forms online. *These forms will be required for class placement at the elementary level.* This letter from Frisco ISD will not arrive until late July. You will be instructed to go online to fill out the information required annually. At the end of the online session, a signature page will be generated. This form must be signed and delivered to the school office along with a current proof of residence to pick up student schedules on the dates listed above. Acceptable proof of residence is a current electric or water bill, lease or rental agreement or contract on a new home. If you are without internet access at home, you can utilize the public library; schools will also be providing opportunities for access and a district night for assistance and support will be communicated in the letter.

With these new changes, it is extremely important that all contact information, including email addresses are current. If you encounter an email change at any time, please contact our data clerk, Laura Daghita at laghita@friscoisd.org
