

# ***Student Registration Guidelines – 7<sup>th</sup> Grade***

1. TAKS (for all grade levels): If your child does not meet expectations on any section of TAKS, he or she will be scheduled into the appropriate TAKS preparation class. According to state law, we are required to provide your child with intense accelerated instruction to promote future academic success. This class(es) will take the place of one or more electives.
2. New Students: Students transferring from another Texas school must provide TAKS results from the most recent administration. If TAKS results are not available immediately, please note that once they are received, necessary schedule changes will be made to address the deficiencies.
3. Pre AP Guidelines: (English and Science) It is highly recommended that students only enroll in Pre AP courses if they meet the following specifications 1) a classroom average of 90 % or higher in the subject area and 2) 90% or higher on the TAKS
4. Math Pre AP Entrance Requirements: Enrolling in a Pre AP math class on the 7<sup>th</sup> or 8<sup>th</sup> grade level requires certain testing and GPA requirements. The requirements for Pre AP 7<sup>th</sup> grade math and Pre AP 8<sup>th</sup> grade math are outlined specifically on the next page of the Guidebook. Please note that you must meet ALL these requirements in order to qualify for enrollment in 7<sup>th</sup> or 8<sup>th</sup> grade Pre AP.
5. Pre AP Maintenance Criteria (for all grade levels): A student who earns a 79 or below in a six week grading period will be placed on academic probation. If a 79 or below is earned for two consecutive six weeks, the student will be placed into the corresponding regular level class.
6. Spanish 1A and 1B Maintenance Criteria: A student who earns below an 80 in a six week grading period will be placed on probation. If below an 80 is earned for two consecutive six weeks, the student will be removed from the Spanish class and placed in an alternate elective. Students must have a final grade of 80 or above to enroll in Spanish 1B. To obtain high school credit, students must complete both Spanish 1A and 1B with a final grade of 80 or above.
7. Schedule Changes: Schedule changes are subject to availability in the class requested. Students need to choose classes carefully and understand the schedule change policy. Schedule changes will only be permitted the first week of school.

Exceptions to this policy will be students who:

- need to move from Pre AP to on-level or vice versa

# *Requirements for Enrolling in Pre AP Math*

If a student is currently in Regular 6<sup>th</sup> grade math and wishes to enroll in 7<sup>th</sup> Grade Pre AP Math:

The student must score a 90% on both Part 1 and Part 2 of the Texas Tech 7<sup>th</sup> Grade Math Credit by Examination Exam. This exam is given in the spring, and the student's parent must notify the counselor that the student wishes to take this test during spring registration so that appropriate arrangements can be made.

If a student is currently in Regular 6<sup>th</sup> grade math and wishes to enroll in 8<sup>th</sup> Grade Algebra I:

- 1) **The student must score a 90% on both Part 1 and Part 2 of the Texas Tech 7<sup>th</sup> Grade Math Credit by Examination Exam.** This exam is given in the spring, and the student's parent must notify the counselor that the student wishes to take this test during spring registration so that appropriate arrangements can be made.
- 2) **The student must score a 90% on both Part 1 and Part 2 of the Texas Tech 8<sup>th</sup> Grade Math Credit by Examination Exam.** The student's parent must notify the counselor that the student wishes to take this test during spring registration so that appropriate arrangements can be made.
- 3) **The student must score at least 85% or higher on the 6<sup>th</sup> grade TAKS test.** This is not based on the scale score, yet the actual percentage of problems answered correctly.
- 4) **The student must score an 85% or higher on the IAAT (Iowa Algebra Aptitude Test).** This test will be administered during the spring semester to all students that have signed up for Algebra I during registration.
- 5) **The student must finish the year with an average of 92% or higher in the 6<sup>th</sup> grade math class.**

A student that is currently in Pre AP 6<sup>th</sup> grade math may automatically enroll in Pre AP 7<sup>th</sup> grade math as long as they have met the requirements for 6<sup>th</sup> grade Pre AP of maintaining an above 80% average.

If a student is currently in Pre AP 6<sup>th</sup> grade math and wishes to enroll in 8<sup>th</sup> Grade Algebra I:

- 1) **The student must score a 90% on both Part 1 and Part 2 of the Texas Tech 8<sup>th</sup> Grade Math Credit by Examination Exam.** This exam is given in the spring, and the student's parent must notify the counselor that the student wishes to take this test during spring registration so that appropriate arrangements can be made.
- 1) **The student must score at least 85% or higher on the 6<sup>th</sup> grade TAKS test.** This is not based on the scale score, yet the actual percentage of problems answered correctly.
- 2) **The student must score an 85% or higher on the IAAT (Iowa Algebra Aptitude Test).** This test will be administered during the spring semester to all students that have signed up for Algebra I during registration.
- 3) **The student must finish the year with an average of 85% or higher in the 6<sup>th</sup> grade Pre AP math class.**
