

Safe Schools and Student Success Parenting Series

Sponsored by the
FISD Student Support Team

The purpose of this series is to provide parents with valuable information on issues that can affect their child/teen's success in school, as well as their general well being. Each meeting will also provide information on how FISD partners with parents and the community to address these issues.

September 13: @ Lone Star HS	Bullying and Student Learning <i>When there is bullying in the learning environment, it affects everyone. Parents need to know what to do if their child is being bullied, what are the characteristics of those who bully, and what role does Frisco ISD play in addressing this behavior.</i>
October 4: @ Liberty HS	Substance Abuse and Student Development <i>Alcohol and drug abuse is dangerous for many reasons. These reason could be that it tends to stunt normal development, can cause a vitamin deficiency, cognitive deficits, coordination problems, and damage to memory.</i>
November 1: @ Frisco HS	Grief, Loss, and Focus on Academics <i>Grief and loss take many forms, including death of a loved one, divorce, moving to a new home, chronic illness, and many others. Even if the loss was long ago, holiday season and other celebrations can precipitate a "re-grieving," including difficulty focusing. Find out what steps you can take to help your student and your family.</i>
February 10: @ Heritage HS	Healthy Relationships and College Readiness <i>Dating violence and sexual harassment are serious issues in our society. Every preteen, teen, and college student needs information and skills for forming healthy relationships and reducing the likelihood of dating violence and sexual harassment. Find out how you can help protect your child.</i>
March 1: @ Wakeland HS	Bullying and Social Success <i>When there is bullying in the learning environment, it affects everyone. Parents need to know what to do if their child is being bullied, what are the characteristics of those who bully, and what role does Frisco ISD play in addressing this behavior.</i>
April 4: @ Centennial HS	Suicide, Self Injury, and Student Achievement <i>There are many factors involved in the issues of self injury and suicide. Join us to learn some of the signs of concern for parents and what resources are available to prevent and treat these dangerous and debilitating behaviors.</i>

Presentations will be from 6pm - 7pm

Childcare will be provided

Please call **469-633-5926** to register.
