

Please Join Us for Stafford's Curriculum Night

Tuesday, November 10, 2009

6:00-7:30

English Language Arts

Are you smarter than a middle schooler? If so, you are in luck! We will be hosting this game in the practice gym. Come on out and see how well you know 6th - 8th grade language arts skills

Math- Gym

8th - Playing Jeopardy!

7th - Math Tic Tac Toe

6th - Math Scavenger Hunt

8th Grade History Room B217

Here Ye! Here Ye! Join the 8th grade class in an Authentic Revolutionary Tavern. Please come for games and authentic Revolutionary food. Those who come in authentic colonial dress will receive additional credit!

7th Grade Texas History A213

Welcome to Austin's Colony! Come and experience Texas in the early 1820's through the hardships and joys of settlers (your student). Participate in the building of homes, creating businesses, and meeting other families in the colony.

6th Grade Social Studies B102, B112

Come out to the 6th grade social studies' curriculum night. We will have two rooms focusing on culture and how it relates to society. You will have the opportunity to decipher some foreign languages, organize family structures from popular television shows, watch some entertaining custom/tradition skits, and even create some artwork to take home!

8th Grade Science

Join us for lab activities in Room B211. Study potential and kinetic energy and watch students demonstrate the flame test for metals

7th Grade Science

Join us for lab activities in Room A208. Put together magnetic atoms !

6th Grade Science

Let us dazzle you with science Activities in room B108

Students that attend will receive extra credit in their core content classes.
