

## Home Access Center

Dear WHS Parent:

Frisco ISD is excited about the installation of eSchool+, a new student information system that will replace several programs in the district. One module of this system is Home Access Center, a secured web-based communication tool that will allow secondary parents and students to access several types of information including attendance, grades and assignments. The Home Access Center will be replacing the Edline service that FISD has used in the past.

eSchool is a great tool to keep you on top of your child's academic career as your student is becoming more independent and responsible. We hope you take advantage of this new form of student/parent involvement. Thank you for being an active part of your child's educational experience. When teachers and parents work together, students are successful!

There are 2 ways to obtain information on your HAC account:

1. Email [WHSHAC@friscoisd.org](mailto:WHSHAC@friscoisd.org) and include your student's name, grade level, contact information, and your relationship to the student
2. Complete the information below and submit to the data clerk
