Bio & Education

I am a proud graduate of East Texas State University. There, I worked in the Computer Science Department as I earned my bachelor degree in Business Administration. After working in management for almost 3 years I decided to pursue my MA in Computer Science. While working on my masters I work as a TA teaching programming and introduction to computers. It was then when I realized I wanted to be an educator. In 1998 I started the road in education. As I was getting my Masters I started working on my teaching certificate. As I utilized the 2 year certification program I worked for the Quinlan ISD teaching Computer Science, BCIS, Web Mastering, and BCIS II. After earning my Masters and Teaching Certificate I pursued a 3 year adventure into the Department of Public Safety as a State Trooper. After that chapter in my life I new teaching is where I belonged. From then I taught at Fairfield High School for 5 years which has lead me to where I am today. This will be my 2nd year to teach for Wakeland High School.

Course Taught

A1: PC Maintenance
A2: Computer Science AP
A3: Conference
A4: BCIS

B1: Computer Science
B2: Conference
B3: PC Maintenance
