

YOU'RE GONNA NEED A BIGGER BRAIN. FISD's 2008 Mindbender Academy

This summer, kick your vacation off right at a place where fun, art and science collide – Mindbender Academy. For five days in June you'll do things you've probably only dreamed about.

Things you only get to talk about in school. Things that will blow your mind. Build a hovercraft, code your own social network, learn how to make movie magic with real Hollywood special effects, and more. Applications are available from your math and science teachers, or online.

But sign up fast, because space is limited.

FISD's Mindbender Academy
June 9 - 13, 2008 • 8:30 a.m. - 12 p.m. daily
Pat and Catherine Fowler Middle School

For FISD students entering the 7th and 8th grades for 2008-2009.
