

Home Access Center

Dear CTE Parent:

Frisco ISD will once again be providing to students and parents Home Access Center, HAC, a secured web-based communication tool that will allow secondary parents and students to access several types of information including attendance, grades and assignments.

Home Access Center is a great tool to keep you on top of your child's academic career as your student is becoming more independent and responsible. We hope you take advantage of this form of student/parent involvement. Thank you for being an active part of your child's educational experience. When teachers and parents work together, students are successful!
