

# KIM HAMPTON

## TECHNOLOGY INTEGRATION FACILITATOR

hamptonk@friscoisd.org | 469-633-4792 ext. 34792

---

### Bio & Education

I have a B.A. in German from Southwestern University in Georgetown, and an M.S. in Computer Education in Cognitive Systems from UNT. I have taught high school German and Math, and I have taught middle school Math, Robotics, and Digital Graphics and Animation.

### What is a Technology Facilitator?

My primary function is to help teachers integrate technology into their classrooms. I teach classes for staff on various topics including blogging, podcasting, and using Web 2.0 tools. I also support our main software applications such as our grade book, lesson planner, and e-mail system. I am split between two campuses, so I am only at the CTE Center two days a week.

### Activities/Hobbies

- Proud wife and mom of two children
- Dallas Stars fan
- Twilight fan
- I love to read
- I love to play computer games!
