

CHRIS PATTERSON

PRE-ENGINEERING

patterch@friscoisd.org | 469-633-6780 ext. 66783

Bio & Education

I hold a Bachelor of Science in Technology from Texas State University in San Marcos. I have always had a passion for tinkering and finding out the workings of technology. I love that I get to take my knowledge of the field and teach it to high school students. Is there anything better than Industrial Technology?

I love teaching pre-engineering curriculum at the CATE center. I believe that I have found my dream job in Frisco ISD and hope to spending many wonderful years here educating future engineers.

Course Taught

I currently teach Intro to Engineering Design, Principles of Engineering, and Digital Electronics.

My conference is 2nd period each day from 10:30-12:00.

Activities/Hobbies

- I enjoy spending quality time with my wife
- I love riding my bike, taking long walks, and being outdoors
- Playing with my Yorkie-Poo, Ellie!
- Being with my friends and family.
