Lady Liberty-A Biography

My Name: _____

My Teacher: _____

Title: _____

Author: _____

Answer the following questions about each of the following people who in some way contributed to the history of the Statue of Liberty.

Eduard De Laboulaye: What did he want to celebrate AND honor?

Auguste Bartholdi: He was the sculptor. He wanted Liberty to be as grand as what?

Marie Simon: Marie quotes Bartholdi saying that he wanted to make Liberty's skin out of copper. Why?

Gustave Eiffel: As the structural engineer, his challenge is to keep her upright. Why is this challenging?

Emma Lazarus: How did she help raise money for Liberty's pedestal?

Charles P. Stone: How many tons of concrete did he use for the foundation?

Joseph Pulitzer: Why does he say some Americans are criticizing the French?

Florence De Foreest: She was just a citizen, but how did she contribute to paying for the pedestal?

Jose' Marti: He wrote about the events the day Liberty came to New York. What did he say about the weather?

Look at the timeline in the back:

How much money did Pulitzer's paper raise?

When did Liberty arrive in New York?

What happened on October 15, 1956?

Parent Signature: _____
