

I have a Bachelor of Arts degree in Journalism and Advertising with a minor in Business from Stephen F. Austin State University in Nacogdoches, Texas. My education degree is from Texas A & M Commerce, and I am certified in Special Education, Early Childhood, and Elementary K-8th. I have a Master of Arts degree in School Counseling from Amberton University, and I am currently working towards becoming LPC certified. I have taught 2 years of fourth grade special education in Terrel, Texas. In Richardson, Texas I taught 2 years of kindergarten through 4th grade special education, 2 years of first grade and 1 year in second grade.

I am very excited about my fourth year at Portia Ross Taylor Elementary! I can't wait to go to the classrooms and present my guidance lessons. I think that it is very important that each and every child develops as an individual and feels that they are valued and important. I feel very strongly about developing children's self esteem and making sure that they know they are unique. I want every child to know that they are capable of achieving their dreams as long as they believe in themselves. I will strive to do whatever I can here at Taylor Elementary to help our children become the very best that they can be!!
