

## **FISD MS MUSIC DEPARTMENT RECRUITING GUIDELINES**

- 1) Middle School Band, Choir, and Orchestra will combine to give one assembly presentation for each of its feeder elementary schools. The presentation length and audience (campus wide or 5<sup>th</sup> grade only) will be worked out with the elementary campus principal in order to best accommodate each campus' needs. Presentations for each department will be limited to 20-25 minutes each.
- 2) Band and orchestra directors will work with elementary campus music teachers in order to schedule curricular instrument presentations to the elementary music classes. Such presentations will be scheduled at the discretion of the elementary music teacher and limited to curricular instruction only.
- 3) Selmer tests will be administered once at each campus by the orchestra, band, or choir director. These test scores will be compiled and shared amongst all three organizations within a week of the testing.
- 4) Each organization may have separate "placement" nights or "instrument drives" where students audition for and are placed with their respective instruments.
