

FRISCO INDEPENDENT SCHOOL DISTRICT

Fowler Parents,

In order to promote a safe school environment for students and staff, Frisco ISD periodically surveys stakeholders (including students) on issues related to school safety and security. The survey we use is offered through the Education Service Center – Region 10 and focuses on a wide variety of issues related to student behavior, bullying, alcohol and drugs, internet safety, building security and other issues important for our assessment.

This effort is aligned with state and federal initiatives and the Title IV Safe and Drug Free Schools grant. In trying to develop a broad sample of respondents we encourage the participation of students, parents, teachers and administrators across the district. The survey takes approximately 20 minutes to complete. Fowler 7th and 8th grade students will take part in this survey during their social studies classes between the dates of February 18th-20th. Parents may take part in this survey during the month of February by accessing the website <http://sdfs.esc18.net/sdfs.asp> and entering our campus number: 043-905-048.

Recognizing many parents may want additional information on the instrument, we have arranged for a copy of it to be available to the public at each campus office. All responses are confidential and results will be available later this year. If you have questions regarding administration of this survey please contact Mr. Agan at 469-633-5050

Regards,

**Donnie J. Wiseman
