

Clothe-A-Child Information for Parents

Clothe-A-Child Frisco partners with area churches, organizations, individuals and businesses in the community to serve the new clothing needs of economically disadvantaged elementary and middle school children within Frisco ISD.

Clothe-A-Child seeks to impact as many qualified families from as many schools in our community as possible. The counselor identifies children through interaction with the families and the “free and reduced lunch” program.

If you did not receive an application but would like information, please contact your child’s counselor:
