

## ATHLETIC INSURANCE INFORMATION

The Frisco ISD Board of Trustees authorizes each year the purchase of medical insurance for the athletic programs of the district. This policy is provided as secondary coverage **only** and **will not** cover all expenses of an injury even after your family insurance has paid its allowable amount. Additional coverage can be purchased through the school.

In the event your student is injured during an authorized practice or game, please be sure to follow these steps:

1. Within **seven (7) days** of an injury, **an accident claim form** must be filed with the Athletic Coordinator.
2. The Athletic Coordinator will mail all claims when they're received. All claims must be mailed within 90 days of the injury.

### ACKNOWLEDGEMENT OF INSURANCE LIMITATIONS

I have read the above information regarding FISD athletic insurance coverage and understand that the policy purchased by Frisco ISD is a secondary policy and will not provide complete reimbursement of medical expenses for injuries sustained by my athlete even after my family insurance has paid its allowable amount.
