

FRISCO INDEPENDENT SCHOOL DISTRICT

**ROBIN SCOTT
PRINCIPAL, STAFFORD MIDDLE SCHOOL**

Dear Stafford Parents,

Please allow me to introduce myself; I'm Robin Scott, Principal of Stafford Middle School. I am thrilled and honored to be serving as the first principal of this school, and I look forward to an amazing year of service to the families and students who will come together to form our Stafford family.

The results are in and it was overwhelming...We are the STAFFORD SPARTANS! Over 250 future Spartans joined me in the unveiling of our mascot and the beginning of many Stafford Middle School traditions. Our school colors are maroon and gold, and we will soon begin work on logos and mottos that encompass our mascot and colors.

I am nearing the end of assembling a staff of dedicated professionals who are equally excited about this new adventure as I am. You will find that our staff is made up of a combination of Frisco ISD veteran teachers as well as newcomers from other districts. We all share a common goal of making Stafford Middle School a school where everyone feels connected during a time when parent support and involvement is needed the most. Every staff member has chosen Stafford because they want to positively impact the lives of your children. They all believe, as I do, that working together with parents as partners will ensure success for all students.

These solid relationships are critical to ensure an optimal learning environment for all children, and I am seeking your help in establishing them. As a first attempt to gather your ideas, I offer the enclosed parent survey. This survey will allow me to get acquainted with you and hear your thoughts.

Soon we will announce the August dates for our 6th grade Camp as well as the dates of our 7th and 8th grade schedule pick up. Please check our website periodically for upcoming dates and additional information. Once again, I am extremely thankful for the opportunity to serve the students, parents and teachers of Stafford Middle School. I take great pride in the work that I do and have a tremendous passion and love for education. I look forward to many years of service and together pursuing the mission of, *Whatever It Takes*.

Sincerely,

Robin Scott
Principal, Stafford Middle School
