Bio & Education

We cannot live for ourselves alone. Our lives are connected by a thousand invisible threads, and along these sympathetic fibers, our actions run as causes and return as results.

~Herman Melville

Inspiring young minds to do more than expected, to think and to never stop dreaming is a motto which has helped me experience so many things - from working in marketing for radio/concert promotions, to becoming Mrs. Texas United States.

I received my BBA from the University of Texas at Arlington, majoring in marketing and received my certification in English over six years ago when I realized my true gift. This is my third year at Wakeland and I am proud to be a Wolverine!
