Bio & Education

After 28 years as a professional broadcaster, I have “retired” to teach the next generation of television and radio professionals. My undergraduate degree is a Bachelor of Science in Broadcasting from the University of Wyoming. My teaching certificate and future Masters of Secondary Education are from Texas A & M Commerce. Broadcasting has always been my first love and I am thrilled to spend my days with students who are as excited about it as I am. High School students are so interested in the “real world” and we try to run the Broadcasting classroom as a “real” newsroom. This is my third year as a teacher and my third year at Wakeland. I can’t imagine myself anywhere else.

Course Taught

I teach all levels of Broadcast Journalism. The schedule is listed below:

“A” Day

1st period = Level 1

2nd period = Level 2 & 3

3rd period = Level 1

“B” Day

1st period = Level 3

2nd period = Level 1

4th period = Level 1

The Level 1 class blog is: <https://wiki.friscoisd.org/users/hohmannb/>

The WIN-TV blog is: <https://wiki.friscoisd.org/users/whsbroadcast/>

Activities/Hobbies

- Wife, Mom and “Nana” – Not exactly a hobby, but definitely an activity.
- Crocheting, Scrapbooking, Arts & Crafts – but never enough time for them!
- Enjoy swimming and bicycling.
- Traveling is great. I would like to see everything there is to see in our world.
