### Bio & Education

I have a bachelor's degree in Finance from the University of Kansas and a Masters of Business from Rockhurst University in Kansas City, Mo. I have been a teacher in FSD since 2007, before that I held several different positions in business ranging from a Senior accountant at a mutual fund operations firm to Finance Analyst at Mrs. Bairds Bakeries in Fort Worth. I teach a wide array of business courses here at Wakeland, but my passion is teaching financial literacy. It is my goal that all of our students have an understanding of how to responsibly manage their money as they grow into their sought after careers.

### Course Taught

I currently teach BCIS 1, BCIS 2, business management, and Banking and Finance. I have also taught Business ethics and Intro to business in the past.

I am also the JV golf coach here at Wakeland and the UIL coach for the computer applications team.

### Activities/Hobbies

- I love to spend time at home with my wonderful wife and two daughters.
- I am a proud graduate of the University of Kansas and spend plenty of time traveling to sporting events involving KU.
- Enjoy playing golf in whatever free time I can find.

Wakeland High School
