Bio & Education

I am very excited about starting my second career as a High School Math Teacher! I spent the last 18 years as a PGA Golf Professional teaching people to play golf – so I am well prepared for the challenge of educating young people here at Wakeland HS. I received my Bachelor degree from Mississippi State University and my Masters degree from Clemson University. I was fortunate to meet my wife, Kristen, my first year at Mississippi State – we have been married for 15 years! I was the Head Golf Professional at Furman University in South Carolina for 7 years before relocating to Frisco in 2003. I have spent the last 6 years building GolfTEC into a golf instruction powerhouse across the country and am now ready to help students excel at Geometry during my first year at Wakeland HS!

Course Taught

A1: Learning Lab
A2: Geometry
A3: Geometry
A4: Conference

B1: Learning Lab
B2: Geometry
B3: Math Taks Lab
B4: Conference

Activities/Hobbies

- My wife has been a teacher in Frisco for six years – we love Frisco schools!
- We have three children who keep us very busy! My daughter is in High School, my son is in Sixth grade and my youngest daughter is in Kindergarten.
- I am originally from Minnesota and moved here 6 years ago from the Carolinas.
- We are huge sports fans – whether cheering for our kids' teams or the Cowboys!
- When not at Wakeland, I spend time with my family, playing golf and exercising.
