### Bio & Education

Entering my third year of teaching, I consider myself quite lucky to do what I do! From a very early age I have been addicted to literature- both reading and even writing my own!

I am a graduate of Texas Woman's University with a Bachelor's degree in English and a double minor in Education and Psychology. This is my third year teaching, and all three have been at WHS. I love to learn new things every day and love even more to see my students learn new things everyday. I am a firm believer that every person is born with a purpose and feel that it is my duty to help my students discover theirs.

### Course Taught

This is my third year to teach English III at WHS. In English III we focus on American Literature, my favorite genre! How lucky am I?

I am also the Junior Varsity Cheerleading Coach. When I am not in the classroom I am practicing in the gym or at a JV sporting event.

### Activities/Hobbies

- Married for two years to my high school sweetheart
- Expecting our first child in February
- Enjoy cooking new and interesting foods, spending time with my family and our two mini- schnauzers, and travelling as much as we possibly can!
