Bio & Education

I received my degree in psychology from Texas A&M University and then returned to complete my Masters in Education: Curriculum & Development. I have taught for seven years, all different social studies subjects, all different grades. I have been with Frisco ISD for four years now. I started in a small town of Clavert, TX and then moved to Frisco. I have also taught in Lewisville ISD, but was able to move to Frisco when the 6th grade geography position at Clark Middle School became available. I was lucky enough that the psychology position at Wakeland opened up last year and now I am able to teach about my passion in life!!!

Course Taught

I teach AP Psychology, regular psychology and sociology. I am also a co-sponsor for National Honor Society. You might even catch me up here at Wakeland on Saturdays administering Saturday School!

Activities/Hobbies

- Very busy with my husband and two boys
- Running
- Scrapbooking
- Shopping for shoes
- Reading/ relaxing

Wakeland High School
2009-2010
