### Bio & Education

I knew from an early age that I wanted to be a teacher, so after graduating from North Mesquite High School, I headed off to Stephen F. Austin State University to pursue an English degree and get my teaching certification. I taught at Plano Senior High for one year and then moved over a little further west and opened Plano West Senior High in 1999. I taught there for 9 years before taking off for a year to stay at home with my three kids. I am absolutely thrilled to be teaching at Wakeland!
