

# IB Student 4-Year Plan Samples

In all plans, students need the following credits for FISD high school graduation requirements. Students may take some FISD classes for advancement in summer school (ex. Health, speech, or PE) to free up space for non-IB electives during the school year.

1.0 technology	1.0 fine arts	0.5 speech
1.0 physical education	0.5 health	0.5 each for gov/econ

In 11th/12th grade, students will take 1 IB course for 6 different subject groups. Students select an IB combination of 3 HL and 3 SL IB courses. Most IB courses are 2 year programs. Advanced courses prior to 11th/12th grade are highly recommended for preparation but not required by IB policy.

**Sample Student not involved in band or athletics program (double-blocked classes)**

**HL - Lang and Lit, Biology, Math Analysis**

**SL - Spanish, History, Psychology**
