Principal, Staley  
Middle School

# Driving Factors

1

---

## **COLLABORATION**

Spaces for students and teachers to inform, do, think and connect

2

---

## **FLEXIBILITY**

Adaptable at a moment's notice

3

---

## **STUDENT EMPOWERMENT**

Student voice and choice

4

---

## **OUTDOOR LEARNING**

Connection to daylight, views, learning and restorative spaces

5

---

## **VARIETY**

Spaces for small, medium and large groups

6

---

## **LEARNING HAPPENS ANYWHERE**

Entire building is a learning tool

# Design Charrette

# Design Strategies

1

---

## CLASSROOM ORGANIZATION

Classrooms shall be separated into three distinct areas that are each able to be separated into two smaller areas to allow for maximum flexibility

2

---

## CENTRAL COMMONS

In lieu of a traditional cafeteria, there should be a central commons that can be used as a learning space in addition to eating lunch

3

---

## CONNECTION OF SPACES

Classrooms shall be designed to be connected to a larger learning community in addition to be able to be closed off when necessary

4

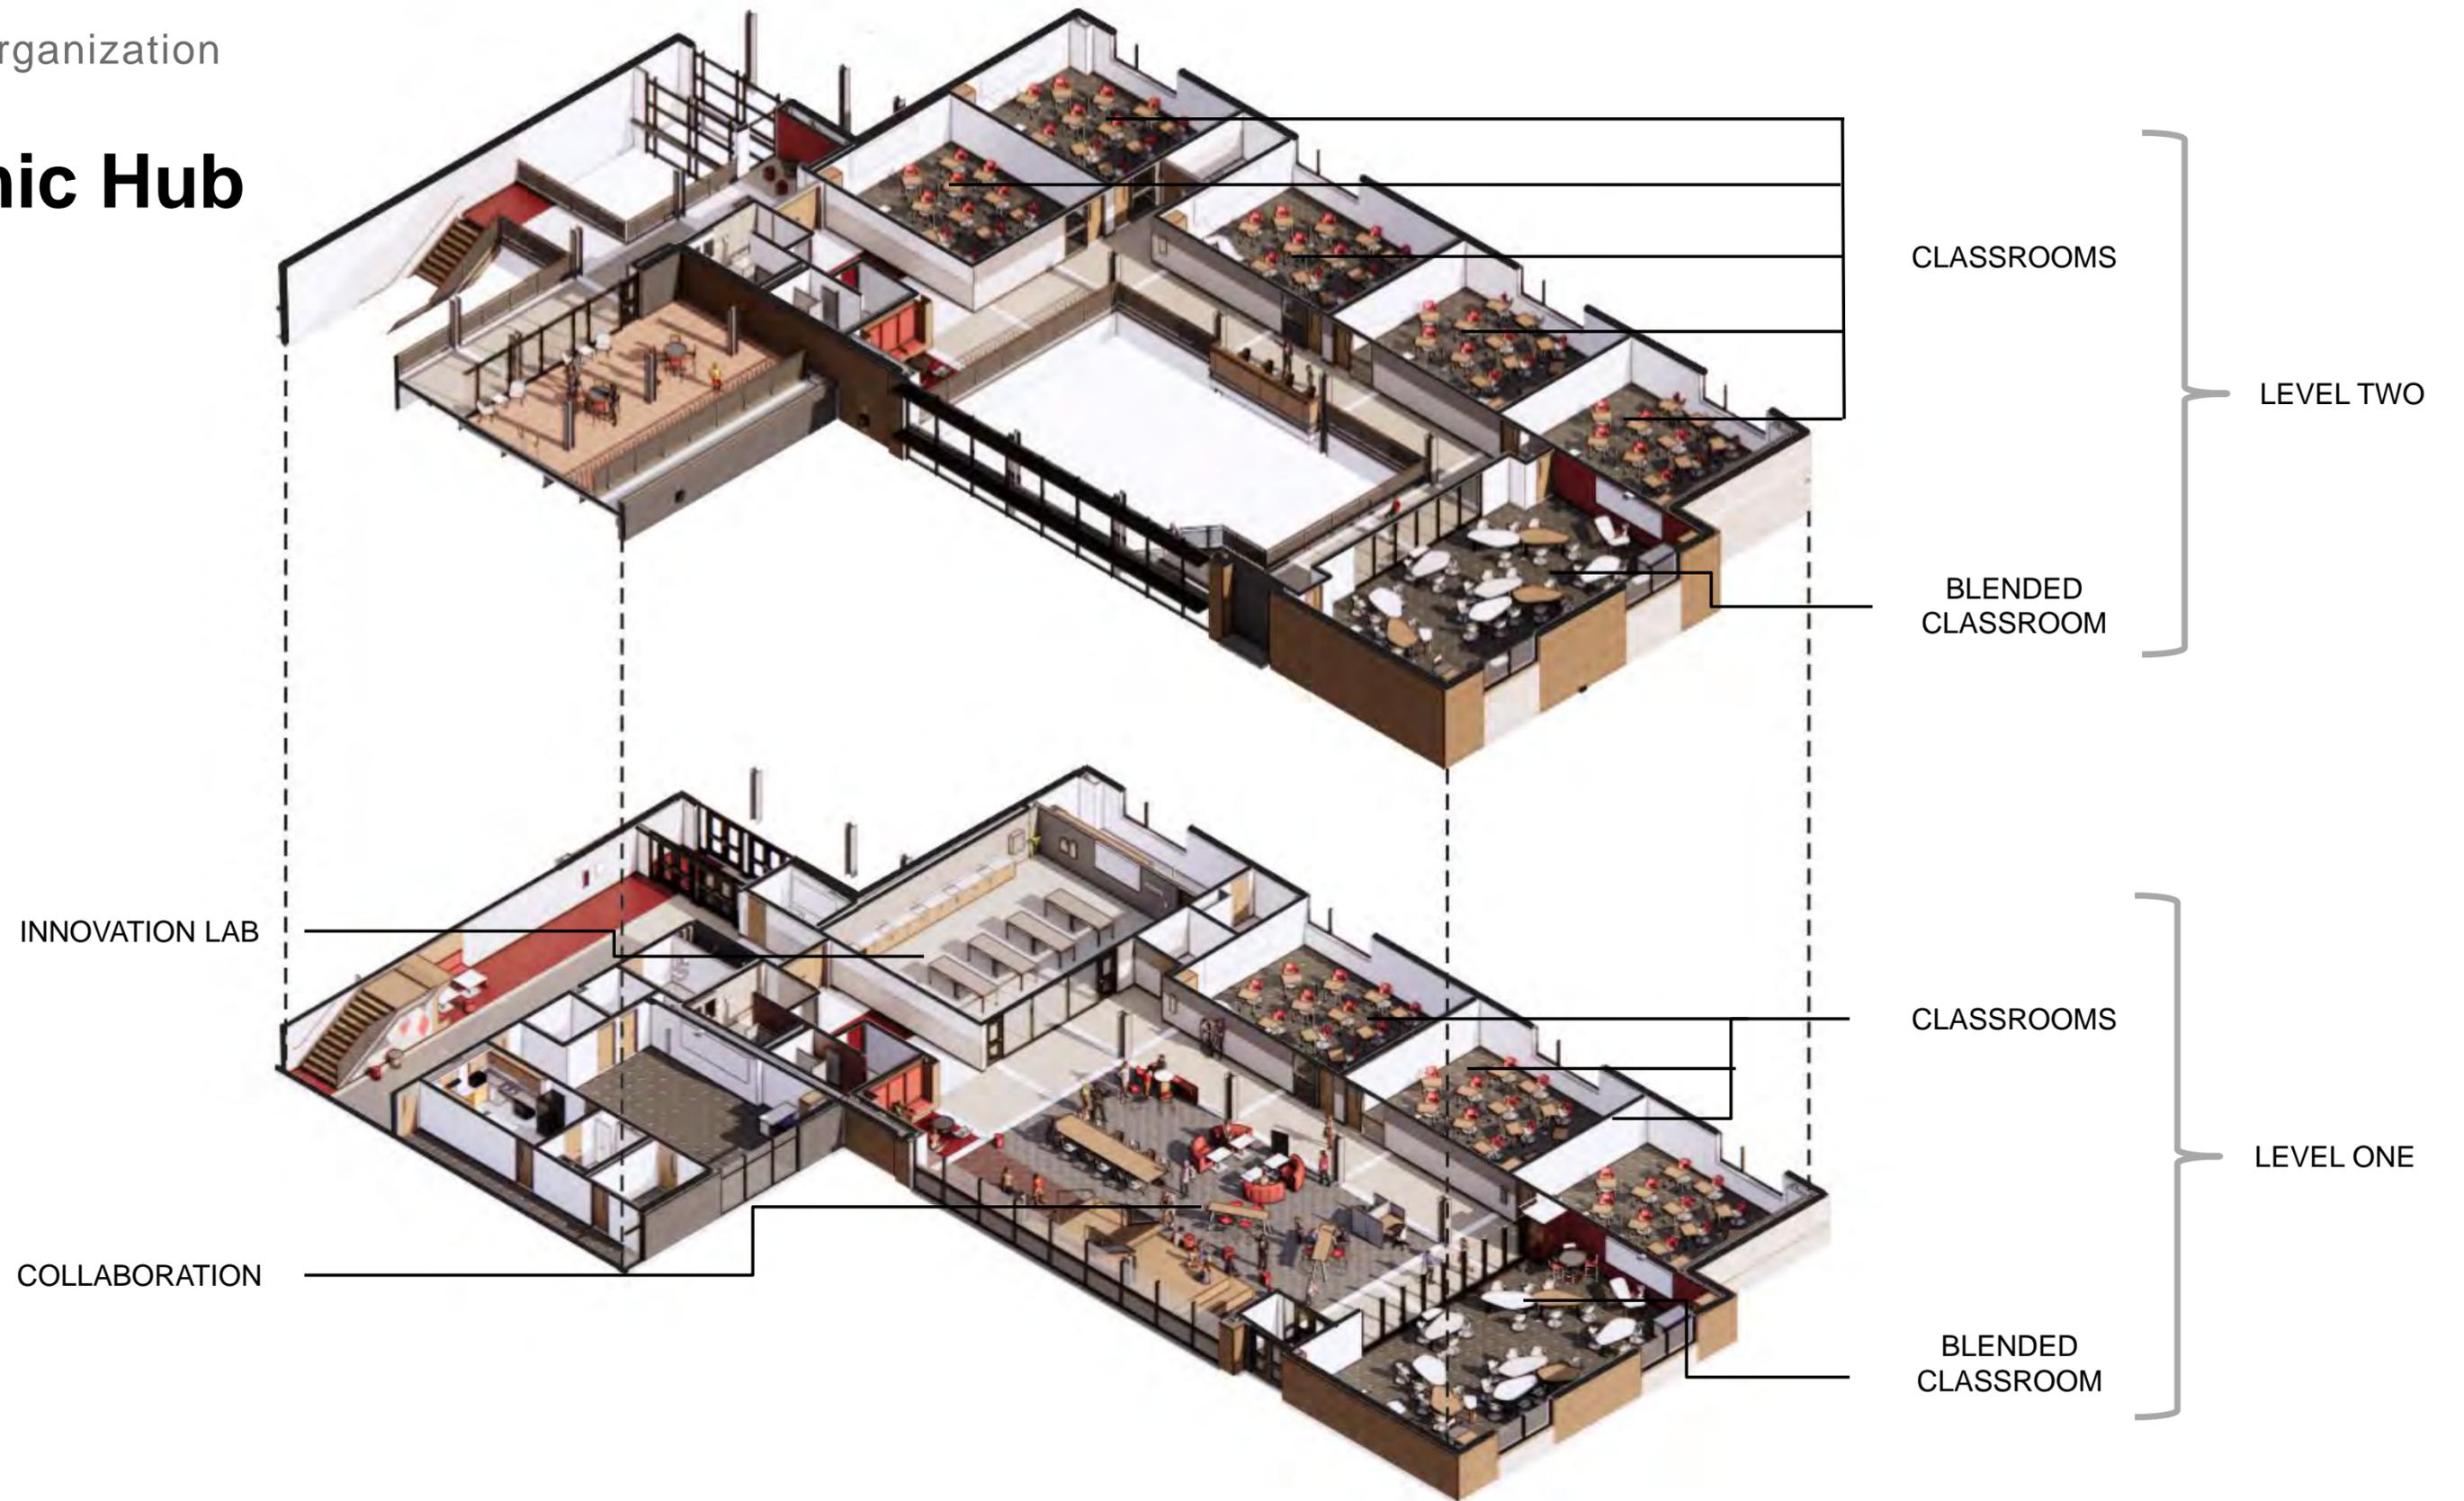

---

## VISIBILITY

Visual connections of spaces is important for supervision, including outdoor learning spaces
