Community Input Meeting

Speaker 1

Dual Credit Academy

Asked By: Beckett Floyd, FISD Student

Response Notes: While Frisco ISD currently does not have a designated associate degree program, students have the opportunity to earn an associate degree or become core complete. Frisco ISD partners with Collin College, and each of our 12 high schools has a dedicated Collin College Career Counselor available to advise students on academic pathways that support these goals. These counselors can guide students through dual credit options and courses aligned with their post-secondary plans, helping them make the most of the opportunities available to them within Frisco ISD. Speaker 2

Bible Literacy Class

Asked By: Bruce Spurling, Non-FISD resident

Response Notes: Frisco ISD offers a variety of [courses](#) focused on future careers including business, marketing and finance. For any new programs and/or courses, the district has an internal process open to faculty and campus administrators for application and review. The district decision is based on the sustainability of the program and/or course including cost, curriculum, instructional resources, professional learning, and teacher availability.

Speaker 3

Deep Fakes

Asked By: Gnan Suchir Gupta Paruchuri, FISD Student

Response Notes: Our school district addresses this in several different ways. Our student handbook addresses bullying (All Grade Levels) which includes cyberbullying. Also in the student handbook, the issue is addressed in the last bullet point in the Student Responsible Use policy, which states: Students will not digitally manipulate any form of media to replace one person's likeness with that of another. Furthermore, we promote digital citizenship education to foster a sense of responsible behavior online. The use of AI and addressing deepfakes is an ongoing process.

Speaker 7

Student Involvement with Non-Curricular and Curriculum Clubs

Asked By: Jocelyn Ellison, FISD Student

Response Notes: Our non-curricular clubs are found in FNAB Local policy - A District secondary school has a limited open forum for purposes of the Equal Access Act whenever the school grants an offering to or an opportunity for one or more non-curriculum related student groups to meet on school premises during non-instructional time. It is always good to start this conversation with your building principal and he or she will be able to help answer any questions regarding specific clubs.

Speaker 8

Bullying

Asked By: Leonardo Perez, FISD Student

Response Notes: FISD takes all reports of bullying seriously. The administration will investigate any formal allegations of bullying and related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying. If an investigation determines that bullying occurred, the administration will take appropriate disciplinary action and may, in certain circumstances, notify law enforcement. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. Any action taken in response to bullying will comply with state and federal law regarding students with disabilities. For more information, please see the Frisco ISD Student Handbook.

Speaker 10

I will be speaking about how we can make certain clubS and organizations more inclusive and a priority to all schools in FISD and how even though some clubs are not part of FISD they should be allowed to gather during our school hours.

Asked By: Bradley Newman, FISD Student

Response Notes: Our non-curricular clubs are found in FNAB Local policy - A District secondary school has a limited open forum for purposes of the Equal Access Act whenever the school grants an offering to or an opportunity for one or more non-curriculum related student groups to meet on school premises during non-instructional time.
