Entomology Explorers: Tiny Bugs, Mighty Wonders

CATEGORY: ACADEMICS/SCIENCE · LEADER: CATHY ALONZO

Give your child a fun, purposeful, and memorable summer camp experience that supports academic growth through hands-on learning and discovery. Throughout the week, students will explore insects through books, exciting challenges, and outdoor investigations—creating a pet bug, a bug hotel to take home, and an insect field guide/science journal they'll be proud to share. This engaging camp blends learning and adventure, making summer both meaningful and unforgettable.

From Page to Stage

CATEGORY: FINE ARTS/LITERACY · LEADER: RACHEL FLEMMER

Bring stories to life at this week-long camp where reading and theater come together to build confidence and comprehension. Students strengthen fluency and expression as they read, rehearse and perform a five-minute play in small groups, and every camper has a speaking role. Campers will analyze plot and character development to determine the theme of their play and deepen their understanding. Campers also create a keepsake and at least one prop to take home.

Readers & Writers on the Move

CATEGORY: ACADEMICS/LITERACY · LEADER: KRISTEN ARMIJO

From fun sound games and exciting read-alouds to solving “story mysteries” at our play-based literacy stations, campers will find their unique voice while mastering the building blocks of reading. Students will discover the magic of planning and writing their very own book in an environment where learning feels like an adventure.

K • PM

The STEAM Hub

CATEGORY: ACADEMICS/STEAM · LEADER: NICHOLE ARYANPUR

Unleash your inner inventor in this exciting camp where technology meets the arts! Students will tackle epic STEAM design challenges, from programming robotics to creating original digital animations. By blending engineering with digital art, campers work in teams to prototype and present unique solutions to real-world problems while building the technical skills and creative confidence needed to shape the future.

K • ALL DAY

Move, Play, Explore

CATEGORY: SPORTS · LEADER: TRACY ROBERTSON

Students will move, play, and explore in this camp led by a certified Physical Education teacher. Campers will dive into fitness and sports basics through high-energy group games that build sportsmanship and teamwork. It's the perfect environment for campers to build confidence, improve fitness, and discover a lifelong love of movement!

FIRST GRADE

1 • AM

Cooperation Station

CATEGORY: SPECIAL EDUCATION · LEADER: LEA MELITA & STACY BENFORD

Through hands-on activities like crafting, cooking, acting, and collaborative play, campers learn how to communicate, work together, express emotions, and build friendships—all in a fun, supportive environment. Social learning is woven naturally into every activity, helping kids grow confidence and connection while doing what they love.

Give your child a fun, purposeful, and memorable summer camp experience that supports academic growth through hands-on learning and discovery. Throughout the week, students will explore insects through books, exciting challenges, and outdoor investigations—creating a pet bug, a bug hotel to take home, and an insect field guide/science journal they'll be proud to share. This engaging camp blends learning and adventure, making summer both meaningful and unforgettable.

Flag Football Camp

CATEGORY: SPORTS · LEADER: JOHN WRIGHT

This flag football camp will help young athletes build strong fundamentals while developing confidence, teamwork and sportsmanship. Through age-appropriate drills, skill stations and friendly competition, campers strengthen passing, catching, footwork and game awareness in a supportive environment. Positive coaching emphasizes leadership, communication and character both on and off the field, creating a high-energy experience where players grow their skills and deepen their love for the game.

Reading Around the World

CATEGORY: ACADEMICS/LITERACY · LEADER: KHALYN COLE & IRMA HERRERA

Students will explore the world through engaging read-alouds, hands-on projects, and creative activities that bring stories from different cultures to life. Campers won't just read, they will “travel,” create, and connect learning to real-world places through interactive experiences. This camp turns reading into an adventure through literacy instruction and immersive world exploration.

The STEAM Hub

CATEGORY: ACADEMICS/STEAM · LEADER: NICHOLE ARYANPUR

Unleash your inner inventor in this exciting camp where technology meets the arts! Students will tackle epic STEAM design challenges, from programming robotics to creating original digital animations. 1 • ALL DAY

Colorful Collages & Cuddly Critters: Exploring Eric Carle & Rosemary Wells

CATEGORY: ACADEMICS/LITERACY · LEADER: SUSAN SEE

Step into the colorful world of legendary storytellers to discover the magic of classic children’s literature! This camp invites students to explore the clever techniques famous authors and illustrators use to bring stories to life. Campers will get hands-on as they try out new ways to write and illustrate, eventually drafting their own whimsical storybooks. It’s an exciting creative journey designed to spark a lifelong love for reading and build confidence in every young creator!

Move, Play, Explore

CATEGORY: SPORTS · LEADER: TRACY ROBERTSON

Students will move, play, and explore in this camp led by a certified Physical Education teacher. Campers will dive into fitness and sports basics through high-energy group games that build sportsmanship and teamwork. It’s the perfect environment for campers to build confidence, improve fitness, and discover a lifelong love of movement!

Social Circle

CATEGORY: SPECIAL EDUCATION · LEADER: TAYLOR TURNER

Students will participate in a variety of partner and group-based activities designed to develop essential social skills that support meaningful interpersonal relationships across diverse settings. Instruction will emphasize recognizing and expressing emotions, initiating and sustaining reciprocal communication, and fostering positive, supportive friendships.

STEAM Explorers

CATEGORY: ACADEMICS/SPECIAL EDUCATION · LEADER: RESHMA RAJ SIJI & ANURADHA BOGGAVARAPU

In STEAM Explorers, students will dive into fun hands-on activities that combine science, technology, engineering, art, and math. Campers will build, experiment, create, and problem-solve while working independently and with peers. This camp is exciting, interactive, and designed to spark curiosity and confidence in young learners.

SECOND GRADE

2 • AM

Cooperation Station

CATEGORY: SPECIAL EDUCATION · LEADER: LEA MELITA & STACY BENFORD

Through hands-on activities like crafting, cooking, acting, and collaborative play, campers learn how to communicate, work together, express emotions, and build friendships—all in a fun, supportive environment. Social learning is woven naturally into every activity, helping kids grow confidence and connection while doing what they love.

Flag Football Camp

CATEGORY: SPORTS · LEADER: JOHN WRIGHT

This flag football camp will help young athletes build strong fundamentals while developing confidence, teamwork and sportsmanship. Campers will analyze plot and character development to determine the theme of their play and deepen their understanding. Campers also create a keepsake and at least one prop to take home.

Sew & Grow

CATEGORY: SPECIAL EDUCATION · LEADER: BREANNA RIVAS

Sew & Grow provides a supportive, small-group environment where students strengthen fine motor skills, coordination and confidence through hands-on stitching projects. Each session begins with focused warm-ups to build hand strength and reinforce foundational writing skills before introducing a new stitch. Students follow step-by-step instruction and apply their learning to purposeful creations they can proudly take home. Throughout the week, campers build independence, practice collaboration and experience success in a calm, structured setting designed to support individual growth.

The Science Jumpstart

CATEGORY: ACADEMICS/SCIENCE · LEADER: MEREDITH FRIEDMAN

Science Jumpstart invites rising 2nd and 3rd graders to dive into exciting, hands-on experiments and playful STEM challenges. Campers will explore the wonders of science through fun, interactive labs and group activities, all while learning how to work safely and confidently in a science setting. This week-long adventure helps young scientists build curiosity, teamwork skills, and a foundation for success as they head into the new school year.

FOURTH GRADE

4 • AM

A Reading Adventure with The Wild Robot

CATEGORY: ACADEMIC/LITERACY · LEADER: JAMIE GEER

Get ready for a reading adventure with *The Wild Robot*! Students will gather around a classroom “campfire” for daily read-alouds of *The Wild Robot*, explore the story through fun literacy stations, movement games, and creative crafts, and make exciting connections to science and the real world.

Act It Out! Theatre Skills Camp

CATEGORY: FINE ARTS/THEATER · LEADER: CAMILLE PEBBLES

Act It Out! is a hands-on theatre camp designed to help students express themselves and work as an ensemble. Through drama activities, script analysis, and performance practice, campers will grow as confident speakers, thoughtful listeners, and collaborative teammates—both on and off the stage.

Dance Discovery

CATEGORY: FINE ARTS/DANCE · LEADER: EMMA WOODROW

Find your groove in this high-energy beginner dance camp! Students build confidence and coordination through daily warm-ups, rhythm stations, and footwork drills. Campers will experiment with their own original moves and learn a complete choreographed routine. It’s the perfect blend of technique, creative expression, and performance-ready fun!

Flag Football Camp

CATEGORY: SPORTS · LEADER: JOHN WRIGHT

This flag football camp will help young athletes build strong fundamentals while developing confidence, teamwork and sportsmanship. Through age-appropriate drills, skill stations and friendly competition, campers strengthen passing, catching, footwork and game awareness in a supportive environment. Positive coaching emphasizes leadership, communication and character both on and off the field, creating a high-energy experience where players grow their skills and deepen their love for the game.

Math in Motion

CATEGORY: ACADEMICS/MATH · LEADER: CHLOE MCCARTY

Who says math is a “sit-down” subject? Math in Motion brings learning to life with high-energy games, hands-on math challenges! Campers will move, and collaborate to strengthen core skills and build confidence in their math knowledge. It’s the perfect way to have a blast while keeping that school-year momentum going all summer long!

Reading Around the World

CATEGORY: ACADEMICS/LITERACY · LEADER: KHALYN COLE & IRMA HERRERA

Students will explore the world through engaging read-alouds, hands-on projects, and creative activities that bring stories from different cultures to life. Campers won't just read, they will "travel," create, and connect learning to real-world places through interactive experiences. This camp turns reading into an adventure through literacy instruction and immersive world exploration.

Sew & Grow

CATEGORY: SPECIAL EDUCATION · LEADER: BREANNA RIVAS

Sew & Grow provides a supportive, small-group environment where students strengthen fine motor skills, coordination and confidence through hands-on stitching projects. Students follow step-by-step instruction and apply their learning to purposeful creations they can proudly take home. Throughout the week, campers build independence, practice collaboration and experience success in a calm, structured setting designed to support individual growth.

STEM Quest

CATEGORY: ACADEMICS/STEM · LEADER: LAYNE SCHRAMM

Get ready to build, test, and think like an engineer in this high-energy experience! Campers will tackle real-world challenges by designing bridges, racing custom rubber band cars, and constructing earthquake-resistant towers. Throughout the week, students will use math skills like geometry and probability to improve their designs before showcasing their favorite invention at the grand STEM Expo.

4 • PM

Cooperation Station

CATEGORY: SPECIAL EDUCATION · LEADER: LEA MELITA & STACY BENFORD

Through hands-on activities like crafting, cooking, acting, and collaborative play, campers learn how to communicate, work together, express emotions, and build friendships—all in a fun, supportive environment. Social learning is woven naturally into every activity, helping kids grow confidence and connection while doing what they love.

Energize! Cardio & Strength Training Camp

CATEGORY: SPORTS · LEADER: DEYONNA DAVIS

Get moving in this high-energy fitness camp where students learn fun, choreographed cardio routines and strength training set to music. Campers will build confidence, coordination, and healthy habits while working together toward a final group routine. It's an exciting blend of movement, music, and teamwork that makes fitness fun.

From Page to Stage

CATEGORY: FINE ARTS/LITERACY · LEADER: RACHEL FLEMMER

Bring stories to life at this week-long camp where reading and theater come together to build confidence and comprehension. Students strengthen fluency and expression as they read, rehearse and perform a five-minute play in small groups, and every camper has a speaking role. Campers will analyze plot and character development to determine the theme of their play and deepen their understanding. Campers also create a keepsake and at least one prop to take home.

Math Foundations & Fluency

CATEGORY: ACADEMIC/MATH · LEADER: JESSICA SHOCK

Math Foundations & Fluency helps campers build unstoppable foundations by focusing on rapid fact fluency and technical vocabulary through competitive games and logic puzzles. Students will sharpen their math accuracy and skills needed to bridge the gap to more advanced problem-solving.

Readers' Round Table

CATEGORY: ACADEMIC/LITERACY · LEADER: ALTA FENE

Campers will connect with fellow book lovers in this discussion-based club! Designed for 4th and 5th graders, this experience moves beyond the surface to help readers “read between the lines” and uncover the secrets behind their favorite characters and plots. Through collaborative book talks and deep-dive analysis, campers will sharpen their perspective and gain the confidence to share their own unique ideas.

Sew & Grow

CATEGORY: SPECIAL EDUCATION · LEADER: BREANNA RIVAS

Sew & Grow provides a supportive, small-group environment where students strengthen fine motor skills, coordination and confidence through hands-on stitching projects. Each session begins with focused warm-ups to build hand strength and reinforce foundational writing skills before introducing a new stitch. Students follow step-by-step instruction and apply their learning to purposeful creations they can proudly take home. Throughout the week, campers build independence, practice collaboration and experience success in a calm, structured setting designed to support individual growth.

The Design Collective

CATEGORY: FINE ARTS · LEADER: NANCY RODRIGUEZ

Step into the shoes of a lead designer to learn the art of fashion and interior spaces! This high-energy workshop focuses on the principles of color, balance, and layout while building a creative portfolio. Learning how to use math, art, and history, students develop the skills and confidence needed to turn big ideas into real designs.

Weave, Stitch, Snuggle!

CATEGORY: FINE ARTS · LEADER: MELISSA MARINO

Campers will transform simple yarn into a cuddly companion by mastering the over-under weaving technique to create their own custom fabric. After designing a unique pattern, students use embroidery and sewing skills to bring a one-of-a-kind plushie to life from scratch. Throughout the week, participants sharpen their hand-eye coordination and patience, leaving with a handmade friend and the foundational skills of textile design.

4 • ALL DAY

Architects of Adventure

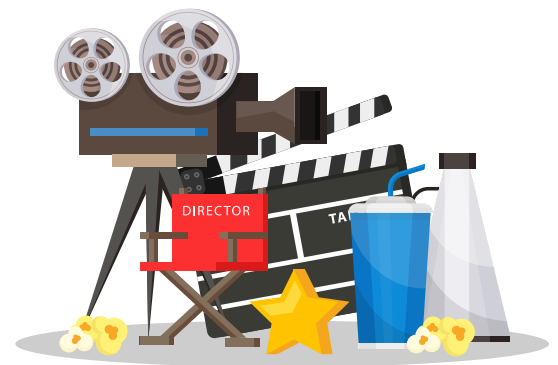

CATEGORY: ACADEMICS - STEM · LEADER: JENNIFER HAMIL-RENFRO

Campers dive into hands-on projects to create and problem-solve in exciting ways, such as designing mini-golf courses or building entire ecosystems. Each week offers a new adventure that combines learning with fun, giving students the chance to collaborate and see their ideas come to life. By applying real-world skills in science, math, and creativity, campers build lasting memories while tackling the challenges of tomorrow.

Friends, Fun, and Filmmaking

CATEGORY: FINE ARTS/VISUAL ARTS · LEADER: CHRISTIAN DELANNOY

Step into the world of movie-making and bring your biggest ideas to life! Inspired by the storytelling magic of hits like Zootopia and Inside Out, this camp puts students in the director's chair. Over six weeks, campers will use their creativity and teamwork to brainstorm, write, star in, and produce their own original short films. The experience culminates in an exciting film festival where friends and family can celebrate every student's hard work and cinematic debut!

Social Circle

CATEGORY: SPECIAL EDUCATION · LEADER: TAYLOR TURNER

Students will participate in a variety of partner and group-based activities designed to develop essential social skills that support meaningful interpersonal relationships across diverse settings. Instruction will emphasize recognizing and expressing emotions, initiating and sustaining reciprocal communication, and fostering positive, supportive friendships.

STEAM Explorers

CATEGORY: ACADEMICS/SPECIAL EDUCATION · LEADER: RESHMA RAJ SIJI & ANURADHA BOGGAVARAPU

In STEAM Explorers, students will dive into fun hands-on activities that combine science, technology, engineering, art, and math. Campers will build, experiment, create, and problem-solve while working independently and with peers. This camp is exciting, interactive, and designed to spark curiosity and confidence in young learners.

The Math Detectives

CATEGORY: MATH/ACADEMICS · LEADER: SARAH ANGUIANO

Can you use the power of numbers to crack the case and build the future? Join the Math Detective agency where campers use geometry and logic to solve “Escape Room” mysteries, calculate trajectories to launch custom-built catapults, and blueprint a professional zoo layout! Throughout the week, students will sharpen their spatial reasoning and mental math speed, proving that a true detective can engineer a solution to any mystery.

FIFTH GRADE

5 • AM

A Reading Adventure with The Wild Robot

CATEGORY: ACADEMIC/LITERACY · LEADER: JAMIE GEER

Get ready for a reading adventure with The Wild Robot! Students will gather around a classroom “campfire” for daily read-alouds of The Wild Robot, explore the story through fun literacy stations, movement games, and creative crafts, and make exciting connections to science and the real world.

Learning how to use math, art, and history, students develop the skills and confidence needed to turn big ideas into real designs.

The Science Jumpstart

CATEGORY: ACADEMICS/SCIENCE · LEADER: MEREDITH FRIEDMAN

Science Jumpstart helps rising 5th and 6th graders immerse themselves in energetic, inquiry-based labs and engineering challenges. Through hands-on experiments and small group collaboration, campers explore real-world science concepts and master important lab safety skills. This week-long camp builds confidence and prepares students to take on upper elementary and middle school science with excitement and readiness.

Weave, Stitch, Snuggle!

CATEGORY: FINE ARTS · LEADER: MELISSA MARINO

Campers will transform simple yarn into a cuddly companion by mastering the over-under weaving technique to create their own custom fabric. After designing a unique pattern, students use embroidery and sewing skills to bring a one-of-a-kind plushie to life from scratch. Throughout the week, participants sharpen their hand-eye coordination and patience, leaving with a handmade friend and the foundational skills of textile design.

5 • ALL DAY

Architects of Adventure

CATEGORY: ACADEMICS - STEM · LEADER: JENNIFER HAMIL-RENFRO

Campers dive into hands-on projects to create and problem-solve in exciting ways, such as designing mini-golf courses or building entire ecosystems. Each week offers a new adventure that combines learning with fun, giving students the chance to collaborate and see their ideas come to life. By applying real-world skills in science, math, and creativity, campers build lasting memories while tackling the challenges of tomorrow.

Friends, Fun, and Filmmaking

CATEGORY: FINE ARTS/VISUAL ARTS · LEADER: CHRISTIAN DELANNOY

Step into the world of movie-making and bring your biggest ideas to life! Inspired by the storytelling magic of hits like Zootopia and Inside Out, this camp puts students in the director's chair. Over six weeks, campers will use their creativity and teamwork to brainstorm, write, star in, and produce their own original short films. The experience culminates in an exciting film festival where friends and family can celebrate every student's hard work and cinematic debut!

Social Circle

CATEGORY: SPECIAL EDUCATION · LEADER: TAYLOR TURNER

Students will participate in a variety of partner and group-based activities designed to develop essential social skills that support meaningful interpersonal relationships across diverse settings. Instruction will emphasize recognizing and expressing emotions, initiating and sustaining reciprocal communication, and fostering positive, supportive friendships.

STEAM Explorers

CATEGORY: ACADEMICS/SPECIAL EDUCATION · LEADER: RESHMA RAJ SIJI & ANURADHA BOGGAVARAPU

In STEAM Explorers, students will dive into fun hands-on activities that combine science, technology, engineering, art, and math. Campers will build, experiment, create, and problem-solve while working independently and with peers. This camp is exciting, interactive, and designed to spark curiosity and confidence in young learners.

The Math Detectives

CATEGORY: MATH/ACADEMICS · LEADER: SARAH ANGUIANO

Can you use the power of numbers to crack the case and build the future? Join the Math Detective agency where campers use geometry and logic to solve “Escape Room” mysteries, calculate trajectories to launch custom-built catapults, and blueprint a professional zoo layout! Throughout the week, students will sharpen their spatial reasoning and mental math speed, proving that a true detective can engineer a solution to any mystery.

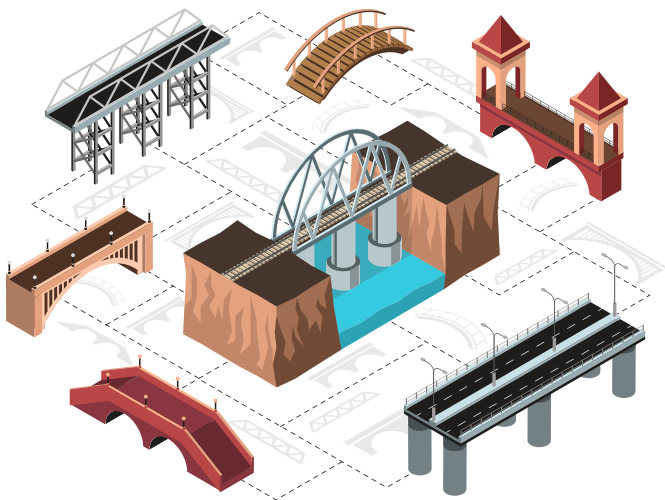

SIXTH GRADE

6 • AM

Act It Out! Theatre Skills Camp

CATEGORY: FINE ARTS/THEATER · LEADER: CAMILLE PEBBLES

Act It Out! is a hands-on theatre camp designed to help students express themselves and work as an ensemble. Through drama activities, script analysis, and performance practice, campers will grow as confident speakers, thoughtful listeners, and collaborative teammates—both on and off the stage.

STEM Quest

CATEGORY: ACADEMICS/STEM · LEADER: LAYNE SCHRAMM

Get ready to build, test, and think like an engineer in this high-energy experience! Campers will tackle real-world challenges by designing bridges, racing custom rubber band cars, and constructing earthquake-resistant towers. Throughout the week, students will use math skills like geometry and probability to improve their designs before showcasing their favorite invention at the grand STEM Expo.

Cooperation Station

CATEGORY: SPECIAL EDUCATION · LEADER: LEA MELITA & STACY BENFORD

Through hands-on activities like crafting, cooking, acting, and collaborative play, campers learn how to communicate, work together, express emotions, and build friendships—all in a fun, supportive environment. Social learning is woven naturally into every activity, helping kids grow confidence and connection while doing what they love.

Energize! Cardio & Strength Training Camp

CATEGORY: SPORTS · LEADER: DEYONNA DAVIS

Get moving in this high-energy fitness camp where students learn fun, choreographed cardio routines and strength training set to music. Campers will build confidence, coordination, and healthy habits while working together toward a final group routine. It's an exciting blend of movement, music, and teamwork that makes fitness fun.

Math Foundations & Fluency

CATEGORY: ACADEMIC/MATH · LEADER: JESSICA SHOCK

Math Foundations & Fluency helps campers build unstoppable foundations by focusing on rapid fact fluency and technical vocabulary through competitive games and logic puzzles. Students will sharpen their math accuracy and skills needed to bridge the gap to more advanced problem-solving.

The Design Collective

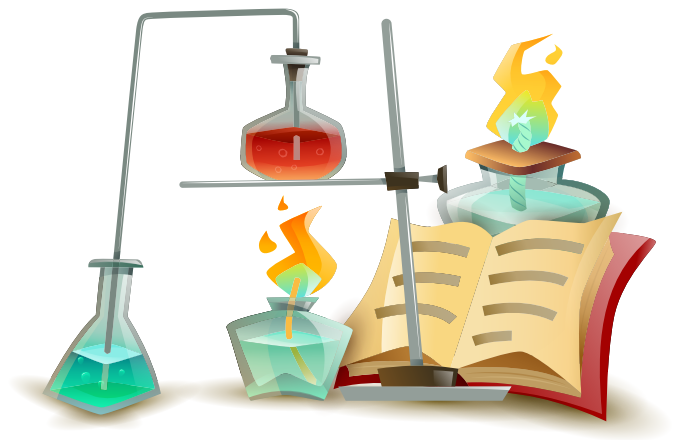

CATEGORY: FINE ARTS · LEADER: NANCY RODRIGUEZ

Step into the shoes of a lead designer to learn the art of fashion and interior spaces! This high-energy workshop focuses on the principles of color, balance, and layout while building a creative portfolio. Learning how to use math, art, and history, students develop the skills and confidence needed to turn big ideas into real designs.

The Science Jumpstart

CATEGORY: ACADEMICS/SCIENCE · LEADER:
MEREDITH FRIEDMAN

Science Jumpstart helps rising 5th and 6th graders immerse themselves in energetic, inquiry-based labs and engineering challenges. Through hands-on experiments and small group collaboration, campers explore real-world science concepts and master important lab safety skills. This week-long camp builds confidence and prepares students to take on upper elementary and middle school science with excitement and readiness.

Weave, Stitch, Snuggle!

CATEGORY: FINE ARTS · LEADER: MELISSA MARINO

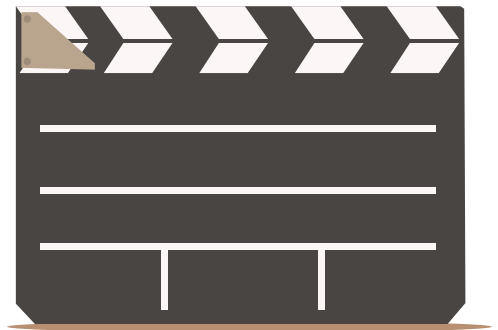

Campers will transform simple yarn into a cuddly companion by mastering the over-under weaving technique to create their own custom fabric. After designing a unique pattern, students use embroidery and sewing skills to bring a one-of-a-kind plushie to life from scratch. Throughout the week, participants sharpen their hand-eye coordination and patience, leaving with a handmade friend and the foundational skills of textile design.

10-12 • PM

SAT Summer Prep Intensive

CATEGORY: ACADEMICS · LEADER: TAMMY TURNER

The SAT Summer Prep Intensive will equip students with the confidence and technical skills required to master the SAT. Designed for rising 10-12 graders, this session provides a comprehensive toolkit of proven strategies across the reading, writing, and math sections of the exam. Through intensive practice and focused content reviews, students will sharpen their test-taking abilities and work to master specific methods needed for high-level scoring.

WEEK TWO

June 8-12

AM: 9am-12pm

PM: 1pm-4pm

FULL DAY: 9am-4pm

KINDERGARTEN

Curiosity Under the Big Top

CATEGORY: ACADEMICS · LEADER: KAYLEA CUMMINGS

Step right up and learn under the big top! This camp will immerse our youngest learners in a world of literacy, math, and science through imaginative role play, creative games, and hands-on experiments. Young explorers will develop foundational skills in a playful learning environment that celebrates curiosity and creativity.

Dance in Motion

CATEGORY: FINE ARTS/DANCE · LEADER: KHALYN COLE

Ever wonder what it's like to dance like a real pro? Led by a former Dallas Cowboys Cheerleader, this high-energy camp helps dancers find their rhythm and shine! Campers will learn cool moves like balance, posture, and alignment while practicing fun choreography that grows more exciting every day. Throughout the week, students will create their own dance steps in small groups and practice moving together in awesome formations. By the end of the week, your dancer will have the confidence and teamwork skills to put on a show-stopping final performance for everyone to see!

Readers & Writers on the Move

CATEGORY: ACADEMICS/LITERACY · LEADER: KRISTEN ARMIJO

From fun sound games and exciting read-alouds to solving “story mysteries” at our play-based literacy stations, campers will find their unique voice while mastering the building blocks of reading. Students will discover the magic of planning and writing their very own book in an environment where learning feels like an adventure.

Young Builders STEM Camp

CATEGORY: STEM · LEADER: PADMA SUNKARA

In this hands-on STEM adventure, our youngest engineers will step into the role of bridge designers using craft sticks, tape, and a whole lot of imagination! Specially crafted for K-1 students and diverse learners, this camp uses visual guides and sensory-friendly tools to make sure every child can experiment and problem-solve with success. By working in “Design Teams” to test and improve their structures, campers will grow their fine motor skills and social confidence.

1 • ALL DAY

Folk Tales & Forest Trails: Exploring Tomie dePaola & Jan Brett

CATEGORY: ACADEMIC/LITERACY · LEADER: SUSAN SEE

Step into the colorful world of legendary storytellers to discover the magic of classic children’s literature! This camp invites students to explore the clever techniques famous authors and illustrators use to bring stories to life. Campers will get hands-on as they try out new ways to write and illustrate, eventually drafting their own whimsical storybooks. It’s an exciting creative journey designed to spark a lifelong love for reading and build confidence in every young creator!

Social Circle

CATEGORY: SPECIAL EDUCATION · LEADER: TAYLOR TURNER

Students will participate in a variety of partner and group-based activities designed to develop essential social skills that support meaningful interpersonal relationships across diverse settings. Instruction will emphasize recognizing and expressing emotions, initiating and sustaining reciprocal communication, and fostering positive, supportive friendships.

STEAM Explorers

Entomology Explorers: Tiny Bugs, Mighty Wonders

CATEGORY: ACADEMICS/SCIENCE · LEADER: CATHY ALONZO

Give your child a fun, purposeful, and memorable summer camp experience that supports academic growth through hands-on learning and discovery. Throughout the week, students will explore insects through books, exciting challenges, and outdoor investigations—creating a pet bug, a bug hotel to take home, and an insect field guide/science journal they'll be proud to share. This engaging camp blends learning and adventure, making summer both meaningful and unforgettable.

Flag Football Camp

CATEGORY: SPORTS · LEADER: JOHN WRIGHT

This flag football camp will help young athletes build strong fundamentals while developing confidence, teamwork and sportsmanship. Through age-appropriate drills, skill stations and friendly competition, campers strengthen passing, catching, footwork and game awareness in a supportive environment. Positive coaching emphasizes leadership, communication and character both on and off the field, creating a high-energy experience where players grow their skills and deepen their love for the game.

Global Passport: World Explorer

CATEGORY: ACADEMICS · LEADER: ELIZABETH HOLDEN ORONA

Can you travel the entire world in just five days? Global Passport invites young explorers to stamp their way through a curriculum of geography, history, and the arts from every corner of the globe! Campers will build a deeper understanding of international traditions and landmarks, fostering global citizenship and a lifelong curiosity about our diverse world.

Sew & Grow

CATEGORY: SPECIAL EDUCATION · LEADER: BREANNA RIVAS

Sew & Grow provides a supportive, small-group environment where students strengthen fine motor skills, coordination and confidence through hands-on stitching projects. Each session begins with focused warm-ups to build hand strength and reinforce foundational writing skills before introducing a new stitch. Students follow step-by-step instruction and apply their learning to purposeful creations they can proudly take home. Throughout the week, campers build independence, practice collaboration and experience success in a calm, structured setting designed to support individual growth.

The Eco-STEAM Studio

CATEGORY: ACADEMICS/STEAM · LEADER: TEAL PEREZ & MARWINA MCCORMICK

The Eco-STEAM Studio helps students find the art in science. Campers will learn about chemical reactions, color mixing, states of matter, environmental sustainability, and engineering design, all while creating unique art projects with items found in nature.

The Science Jumpstart

CATEGORY: ACADEMICS/SCIENCE · LEADER: MEREDITH FRIEDMAN

Science Jumpstart invites rising 2nd and 3rd graders to dive into exciting, hands-on experiments and playful STEM challenges. Campers will explore the wonders of science through fun, interactive labs and group activities, all while learning how to work safely and confidently in a science setting. This week-long adventure helps young scientists build curiosity, teamwork skills, and a foundation for success as they head into the new school year.

Math Foundations & Fluency

CATEGORY: ACADEMIC/MATH · LEADER: JESSICA SHOCK

Math Foundations & Fluency helps campers build unstoppable foundations by focusing on rapid fact fluency and technical vocabulary through competitive games and logic puzzles. Students will sharpen their math accuracy and skills needed to bridge the gap to more advanced problem-solving.

Readers' Round Table

CATEGORY: ACADEMIC/LITERACY · LEADER: ALTA FENE

Campers will connect with fellow book lovers in this discussion-based club! Designed for 4th and 5th graders, this experience moves beyond the surface to help readers “read between the lines” and uncover the secrets behind their favorite characters and plots. Through collaborative book talks and deep-dive analysis, campers will sharpen their perspective and gain the confidence to share their own unique ideas.

Sew & Grow

CATEGORY: SPECIAL EDUCATION · LEADER: BREANNA RIVAS

Sew & Grow provides a supportive, small-group environment where students strengthen fine motor skills, coordination and confidence through hands-on stitching projects. Each session begins with focused warm-ups to build hand strength and reinforce foundational writing skills before introducing a new stitch. Students follow step-by-step instruction and apply their learning to purposeful creations they can proudly take home. Throughout the week, campers build independence, practice collaboration and experience success in a calm, structured setting designed to support individual growth.

The Design Collective

CATEGORY: FINE ARTS · LEADER: NANCY RODRIGUEZ

Step into the shoes of a lead designer to learn the art of fashion and interior spaces! This high-energy workshop focuses on the principles of color, balance, and layout while building a creative portfolio. Learning how to use math, art, and history, students develop the skills and confidence needed to turn big ideas into real designs.

Architects of Adventure

CATEGORY: ACADEMICS - STEM · LEADER: JENNIFER HAMIL-RENFRO

Campers dive into hands-on projects to create and problem-solve in exciting ways, such as designing mini-golf courses or building entire ecosystems. Each week offers a new adventure that combines learning with fun, giving students the chance to collaborate and see their ideas come to life. By applying real-world skills in science, math, and creativity, campers build lasting memories while tackling the challenges of tomorrow.

Friends, Fun, and Filmmaking

CATEGORY: FINE ARTS/VISUAL ARTS · LEADER: CHRISTIAN DELANNOY

Step into the world of movie-making and bring your biggest ideas to life! Inspired by the storytelling magic of hits like Zootopia and Inside Out, this camp puts students in the director's chair. Over six weeks, campers will use their creativity and teamwork to brainstorm, write, star in, and produce their own original short films. The experience culminates in an exciting film festival where friends and family can celebrate every student's hard work and cinematic debut!

Move, Play, Explore

CATEGORY: SPORTS · LEADER: TRACY ROBERTSON

Students will move, play, and explore in this camp led by a certified Physical Education teacher. Campers will dive into fitness and sports basics through high-energy group games that build sportsmanship and teamwork. It's the perfect environment for campers to build confidence, improve fitness, and discover a lifelong love of movement!

Social Circle

CATEGORY: SPECIAL EDUCATION · LEADER: TAYLOR TURNER

Students will participate in a variety of partner and group-based activities designed to develop essential social skills that support meaningful interpersonal relationships across diverse settings. Instruction will emphasize recognizing and expressing emotions, initiating and sustaining reciprocal communication, and fostering positive, supportive friendships.

STEAM Explorers

CATEGORY: ACADEMICS/SPECIAL EDUCATION · LEADER: DR. ANURADHA BOGGAVARAPU

In STEAM Explorers, students will dive into hands-on activities that combine science, technology, engineering, art, and math. Campers will build, experiment, create, and problem-solve while working independently and with peers. This camp is exciting, fun, and designed to spark curiosity and confidence in young learners.

The Math Detectives

CATEGORY: MATH/ACADEMICS · LEADER: SARAH ANGUIANO

Can you use the power of numbers to crack the case and build the future? Join the Math Detective agency where campers use geometry and logic to solve “Escape Room” mysteries, calculate trajectories to launch custom-built catapults, and blueprint a professional zoo layout! Throughout the week, students will sharpen their spatial reasoning and mental math speed, proving that a true detective can engineer a solution to any mystery.

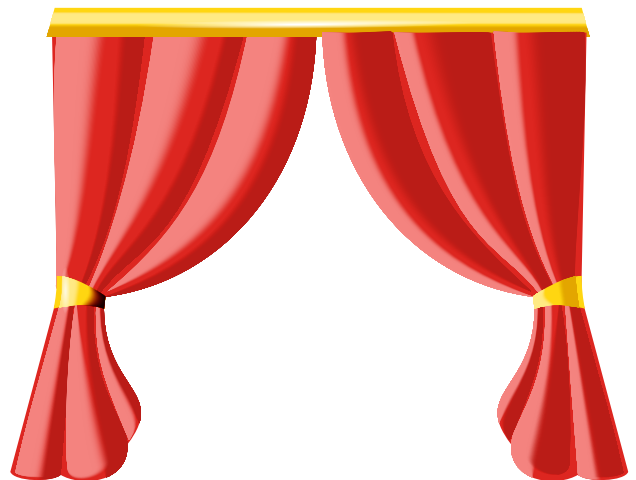

FIFTH GRADE

5 • AM

Act It Out! Theatre Skills Camp

CATEGORY: FINE ARTS/THEATER · LEADER: CAMILLE PEEBLES

Act It Out! is a hands-on theatre camp designed to help students express themselves and work as an ensemble. Through drama activities, script analysis, and performance practice, campers will grow as confident speakers, thoughtful listeners, and collaborative teammates—both on and off the stage.

Flag Football Camp

CATEGORY: SPORTS · LEADER: JOHN WRIGHT

This flag football camp will help young athletes build strong fundamentals while developing confidence, teamwork and sportsmanship. Through age-appropriate drills, skill stations and friendly competition, campers strengthen passing, catching, footwork and game awareness in a supportive environment. Positive coaching emphasizes leadership, communication and character both on and off the field, creating a high-energy experience where players grow their skills and deepen their love for the game.

Future Founders Face-Off

CATEGORY: ACADEMICS/ENTREPRENEURSHIP · LEADER: TORIE ROBINSON

Step into an exciting introduction to entrepreneurship with the Future Founders Face-Off! This camp will empower students to become problem-solvers as they identify a real-world challenge and create a product to solve it. Students will also get the chance to practice their public speaking skills as they pitch their ideas to real business leaders.

Math in Motion

CATEGORY: ACADEMICS/MATH · LEADER: CHLOE MCCARTY

Who says math is a “sit-down” subject? Math in Motion brings learning to life with high-energy games, hands-on math challenges! Campers will move, and collaborate to strengthen core skills and build confidence in their math knowledge. It’s the perfect way to have a blast while keeping that school-year momentum going all summer long!

Sew & Grow

CATEGORY: SPECIAL EDUCATION · LEADER: BREANNA RIVAS

Sew & Grow provides a supportive, small-group environment where students strengthen fine motor skills, coordination and confidence through hands-on stitching projects. Each session begins with focused warm-ups to build hand strength and reinforce foundational writing skills before introducing a new stitch. Students follow step-by-step instruction and apply their learning to purposeful creations they can proudly take home. Throughout the week, campers build independence, practice collaboration and experience success in a calm, structured setting designed to support individual growth.

The Cookie Canvas

CATEGORY: FINE ARTS · LEADER: JEANA LEON & ALYSSA EICH

Discover the art and science of the baking in this high-energy, hands-on sugar cookie workshop! Students will learn essential kitchen safety and baking fundamentals before diving into the creative world of decorating. From baking the cookies to decorating them by hand, campers will transform ordinary cookies into edible works of art.

5 • PM

Cooperation Station

CATEGORY: SPECIAL EDUCATION · LEADER: LEA MELITA & STACY BENFORD

Through hands-on activities like crafting, cooking, acting, and collaborative play, campers learn how to communicate, work together, express emotions, and build friendships—all in a fun, supportive environment. Social learning is woven naturally into every activity, helping kids grow confidence and connection while doing what they love.

Dance in Motion

CATEGORY: FINE ARTS/DANCE · LEADER: KHALYN COLE

Ever wonder what it's like to dance like a real pro? Led by a former Dallas Cowboys Cheerleader, this high-energy camp helps dancers find their rhythm and shine! Campers will learn cool moves like balance, posture, and alignment while practicing fun choreography that grows more exciting every day. Throughout the week, students will create their own dance steps in small groups and practice moving together in awesome formations. By the end of the week, your dancer will have the confidence and teamwork skills to put on a show-stopping final performance for everyone to see!

Math Foundations & Fluency

CATEGORY: ACADEMIC/MATH · LEADER: JESSICA SHOCK

Math Foundations & Fluency helps campers build unstoppable foundations by focusing on rapid fact fluency and technical vocabulary through competitive games and logic puzzles. Students will sharpen their math accuracy and skills needed to bridge the gap to more advanced problem-solving.

Readers' Round Table

CATEGORY: ACADEMIC/LITERACY · LEADER: ALTA FENE

Campers will connect with fellow book lovers in this discussion-based club! Designed for 4th and 5th graders, this experience moves beyond the surface to help readers “read between the lines” and uncover the secrets behind their favorite characters and plots. Through collaborative book talks and deep-dive analysis, campers will sharpen their perspective and gain the confidence to share their own unique ideas.

Sew & Grow

CATEGORY: SPECIAL EDUCATION · LEADER: BREANNA RIVAS

Sew & Grow provides a supportive, small-group environment where students strengthen fine motor skills, coordination and confidence through hands-on stitching projects. Each session begins with focused warm-ups to build hand strength and reinforce foundational writing skills before introducing a new stitch. Students follow step-by-step instruction and apply their learning to purposeful creations they can proudly take home. Throughout the week, campers build independence, practice collaboration and experience success in a calm, structured setting designed to support individual growth.

The Design Collective

CATEGORY: FINE ARTS · LEADER: NANCY RODRIGUEZ

Step into the shoes of a lead designer to learn the art of fashion and interior spaces! This high-energy workshop focuses on the principles of color, balance, and layout while building a creative portfolio. Learning how to use math, art, and history, students develop the skills and confidence needed to turn big ideas into real designs.

The Science Jumpstart

CATEGORY: ACADEMICS/SCIENCE · LEADER: MEREDITH FRIEDMAN

Science Jumpstart helps rising 5th and 6th graders immerse themselves in energetic, inquiry-based labs and engineering challenges. Through hands-on experiments and small group collaboration, campers explore real-world science concepts and master important lab safety skills. This week-long camp builds confidence and prepares students to take on upper elementary and middle school science with excitement and readiness.

The ACT Summer Prep Intensive will equip your student with the confidence and technical skills required to master the ACT. Designed for rising 10-12 graders, this session provides a comprehensive toolkit of proven strategies across the reading, writing, and math portions of the exam. Through intensive practice and focused content reviews, students will sharpen their test-taking abilities and work to master specific methods needed for high-level scoring.

WEEK THREE

June 15-19

AM: 9am-12pm

PM: 1pm-4pm

FULL DAY: 9am-4pm

KINDERGARTEN

K • AM

Brushstrokes & Big Ideas

CATEGORY: FINE ARTS · LEADER: CHEYENNE WILSON

Students will explore drawing, painting, and mixed media through hands-on art activities designed for elementary learners. Instruction focuses on experimentation, creativity, and making artistic choices rather than producing perfect final pieces. This camp helps students build confidence and develop a positive relationship with artmaking.

Curiosity Under the Big Top

CATEGORY: ACADEMICS · LEADER: KAYLEA CUMMINGS

Step right up and learn under the big top! This camp will immerse our youngest learners in a world of literacy, math, and science through imaginative role play, creative games, and hands-on experiments. Young explorers will develop foundational skills in a playful learning environment that celebrates curiosity and creativity.

Entomology Explorers: Tiny Bugs, Mighty Wonders

CATEGORY: ACADEMICS/SCIENCE · LEADER: CATHY ALONZO

Give your child a fun, purposeful, and memorable summer camp experience that supports academic growth through hands-on learning and discovery. Throughout the week, students will explore insects through books, exciting challenges, and outdoor investigations—creating a pet bug, a bug hotel to take home, and an insect field guide/science journal they'll be proud to share. This engaging camp blends learning and adventure, making summer both meaningful and unforgettable.

From Page to Stage

CATEGORY: FINE ARTS/LITERACY · LEADER: RACHEL FLEMMER

Bring stories to life at this week-long camp where reading and theater come together to build confidence and comprehension. Students strengthen fluency and expression as they read, rehearse and perform a five-minute play in small groups, and every camper has a speaking role. Campers will analyze plot and character development to determine the theme of their play and deepen their understanding. Campers also create a keepsake and at least one prop to take home.

Global Passport: World Explorer

CATEGORY: ACADEMICS · LEADER: ELIZABETH HOLDEN ORONA

Can you travel the entire world in just five days? Global Passport invites young explorers to stamp their way through a curriculum of geography, history, and the arts from every corner of the globe! Campers will build a deeper understanding of international traditions and landmarks, fostering global citizenship and a lifelong curiosity about our diverse world.

K • PM

Curious Adventures Camp

CATEGORY: ACADEMICS/STEAM · LEADER: JENNIFER GUMM

Each day is a hands-on adventure filled with exploring, creating and moving. Campers plant seeds, build simple projects and dive into fun mini-lessons and experiments that bring learning to life. Afternoons include outdoor play, art and interactive games. It's a joyful mix of discovery and creativity made just for young learners.

Readers & Writers on the Move

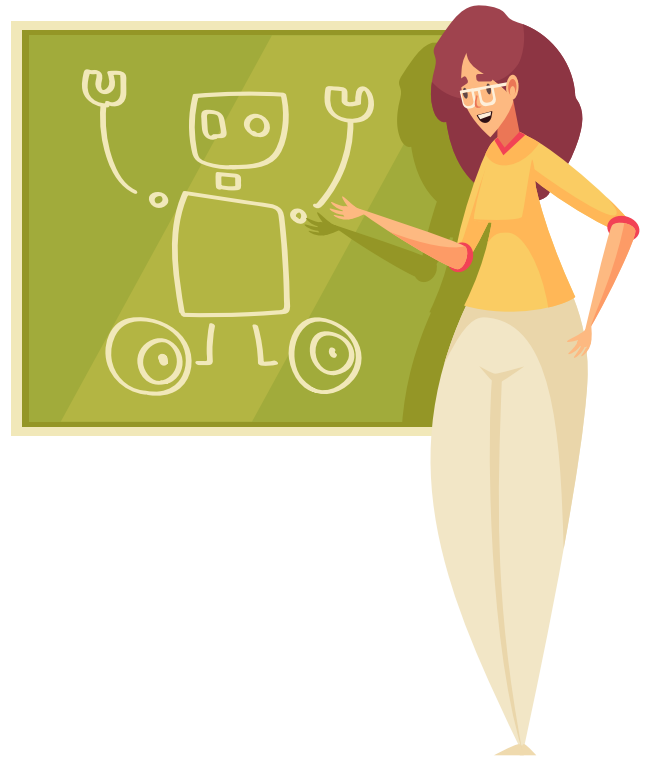

CATEGORY: ACADEMICS/LITERACY · LEADER: KRISTEN ARMIJO

From fun sound games and exciting read-alouds to solving “story mysteries” at our play-based literacy stations, campers will find their unique voice while mastering the building blocks of reading. Students will discover the magic of planning and writing their very own book in an environment where learning feels like an adventure.

The STEAM Hub

CATEGORY: ACADEMICS/STEAM · LEADER:
NICHOLE ARYANPUR

Unleash your inner inventor in this exciting camp where technology meets the arts! Students will tackle epic STEAM design challenges, from programming robotics to creating original digital animations. By blending engineering with digital art, campers work in teams to prototype and present unique solutions to real-world problems while building the technical skills and creative confidence needed to shape the future.

Bring stories to life at this week-long camp where reading and theater come together to build confidence and comprehension. Students strengthen fluency and expression as they read, rehearse and perform a five-minute play in small groups, and every camper has a speaking role. Campers will analyze plot and character development to determine the theme of their play and deepen their understanding. Campers also create a keepsake and at least one prop to take home.

3 • ALL DAY

Social Circle

CATEGORY: SPECIAL EDUCATION · LEADER: TAYLOR TURNER

Students will participate in a variety of partner and group-based activities designed to develop essential social skills that support meaningful interpersonal relationships across diverse settings. Instruction will emphasize recognizing and expressing emotions, initiating and sustaining reciprocal communication, and fostering positive, supportive friendships.

STEAM Explorers

CATEGORY: ACADEMICS/SPECIAL EDUCATION · LEADER: SIJLI ANURADHA BOGGAVARAPU

In STEAM Explorers, students will dive into hands-on activities that combine science, technology, engineering, art, and math. Campers will build, experiment, create, and problem-solve while working independently and with peers. This camp is exciting, interactive, and designed to spark curiosity and confidence in young learners.

FOURTH GRADE

4 • AM

A Reading Adventure with The Wild Robot

CATEGORY: ACADEMIC/LITERACY · LEADER: JAMIE GEER

Get ready for a reading adventure with The Wild Robot! Students will gather around a classroom “camp-fire” for daily read-alouds of The Wild Robot, explore the story through fun literacy stations, movement games, and creative crafts, and make exciting connections to science and the real world.

Act It Out! Theatre Skills Camp

CATEGORY: FINE ARTS/THEATER · LEADER: CAMILLE PEBBLES

Act It Out! is a hands-on theatre camp designed to help students express themselves and work as an ensemble. Through drama activities, script analysis, and performance practice, campers will grow as confident speakers, thoughtful listeners, and collaborative teammates—both on and off the stage.

Code a Dance Party

CATEGORY: ACADEMICS/STEM · LEADER: TIA BIAMONT, KELLI SNYDER

Code your own Dance Party! Before dancing the day away, students will first learn how to create music through coding. After their music masterpiece is complete, campers will work together to build coding sequences to teach their robot to dance.

Flag Football Camp

CATEGORY: SPORTS · LEADER: JOHN WRIGHT

This flag football camp will help young athletes build strong fundamentals while developing confidence, teamwork and sportsmanship. Through age-appropriate drills, skill stations and friendly competition, campers strengthen passing, catching, footwork and game awareness in a supportive environment. Positive coaching emphasizes leadership, communication and character both on and off the field, creating a high-energy experience where players grow their skills and deepen their love for the game.

Math in Motion

CATEGORY: ACADEMICS/MATH · LEADER: CHLOE MCCARTY

Who says math is a “sit-down” subject? Math in Motion brings learning to life with high-energy games, hands-on math challenges! Campers will move, and collaborate to strengthen core skills and build confidence in their math knowledge. It’s the perfect way to have a blast while keeping that school-year momentum going all summer long!

Myths, Mysteries & Legends

CATEGORY: ACADEMIC/LITERACY · LEADER: BARBARA REED

Is Bigfoot hiding in the deep woods, or is the Loch Ness Monster lurking beneath the waves? Step into a world of mystery as we explore legendary myths from around the globe! Students will compare famous tales to uncover their hidden lessons before bringing their own legends to life. Campers will design unique characters and settings to write and draw a one-page comic strip. Students will leave as master storytellers ready to share their own mythic adventures!

Reading Around the World

CATEGORY: ACADEMICS/LITERACY · LEADER: KHALYN COLE & IRMA HERRERA

Students will explore the world through engaging read-alouds, hands-on projects, and creative activities that bring stories from different cultures to life. Campers won’t just read, they will “travel,” create, and connect learning to real-world places through interactive experiences. This camp turns reading into an adventure through literacy instruction and immersive world exploration.

STEM Quest

CATEGORY: ACADEMICS/STEM · LEADER: LAYNE SCHRAMM

Get ready to build, test, and think like an engineer in this high-energy experience! Campers will tackle real-world challenges by designing bridges, racing custom rubber band cars, and constructing earthquake-resistant towers. Throughout the week, students will use math skills like geometry and probability to improve their designs before showcasing their favorite invention at the grand STEM Expo.

The Cookie Canvas

CATEGORY: FINE ARTS · LEADER: JEANA LEON & ALYSSA EICH

Discover the art and science of the baking in this high-energy, hands-on sugar cookie workshop! Students will learn essential kitchen safety and baking fundamentals before diving into the creative world of decorating. From baking the cookies to decorating them by hand, campers will transform ordinary cookies into edible works of art.

4 • PM

Brushstrokes & Big Ideas

CATEGORY: FINE ARTS · LEADER: CHEYENNE WILSON

Students will explore drawing, painting, and mixed media through hands-on art activities designed for elementary learners. Instruction focuses on experimentation, creativity, and making artistic choices rather than producing perfect final pieces. This camp helps students build confidence and develop a positive relationship with artmaking.

Cooperation Station

CATEGORY: SPECIAL EDUCATION · LEADER: LEA MELITA & STACY BENFORD

Through hands-on activities like crafting, cooking, acting, and collaborative play, campers learn how to communicate, work together, express emotions, and build friendships—all in a fun, supportive environment. Social learning is woven naturally into every activity, helping kids grow confidence and connection while doing what they love.

From Page to Stage

CATEGORY: FINE ARTS/LITERACY · LEADER: RACHEL FLEMMER

Bring stories to life at this week-long camp where reading and theater come together to build confidence and comprehension. Students strengthen fluency and expression as they read, rehearse and perform a five-minute play in small groups, and every camper has a speaking role. Campers will analyze plot and character development to determine the theme of their play and deepen their understanding. Campers also create a keepsake and at least one prop to take home.

Future Founders Face-Off

CATEGORY: ACADEMICS/ENTREPRENEURSHIP · LEADER: TORIE ROBINSON

Step into an exciting introduction to entrepreneurship with the Future Founders Face-Off! This camp will empower students to become problem-solvers as they identify a real-world challenge and create a product to solve it. Students will also get the change to practice their public speaking skills as they pitch their ideas to real business leaders.

Math Foundations & Fluency

CATEGORY: ACADEMIC/MATH · LEADER: JESSICA SHOCK

Math Foundations & Fluency helps campers build unstoppable foundations by focusing on rapid fact fluency and technical vocabulary through competitive games and logic puzzles. Students will sharpen their math accuracy and skills needed to bridge the gap to more advanced problem-solving.

Prototypes & Pitches

CATEGORY: ACADEMICS/STEM · LEADER: AMY TANDBERG

Step into the shoes of a future-ready inventor in this high-energy engineering and technology camp! Students will master at least three different types of coding and learn structural basics to complete a major building project. Throughout the week, campers work in teams to tackle five unique STEM challenges, culminating in the creation of their very own original invention. The experience concludes with a professional-style presentation where students showcase their prototypes and pitch their ideas to the group!

Readers' Round Table

CATEGORY: ACADEMIC/LITERACY · LEADER: ALTA FENE

Campers will connect with fellow book lovers in this discussion-based club! Designed for 4th and 5th graders, this experience moves beyond the surface to help readers “read between the lines” and uncover the secrets behind their favorite characters and plots. Through collaborative book talks and deep-dive analysis, campers will sharpen their perspective and gain the confidence to share their own unique ideas.

The Design Collective

CATEGORY: FINE ARTS · LEADER: NANCY RODRIGUEZ

Step into the shoes of a lead designer to learn the art of fashion and interior spaces! This high-energy workshop focuses on the principles of color, balance, and layout while building a creative portfolio. Learning how to use math, art, and history, students develop the skills and confidence needed to turn big ideas into real designs.

4 • ALL DAY

Architects of Adventure

CATEGORY: ACADEMICS - STEM · LEADER: JENNIFER HAMIL-RENFRO

Campers dive into hands-on projects to create and problem-solve in exciting ways, such as designing mini-golf courses or building entire ecosystems. Each week offers a new adventure that combines learning with fun, giving students the chance to collaborate and see their ideas come to life. By applying real-world skills in science, math, and creativity, campers build lasting memories while tackling the challenges of tomorrow.

Friends, Fun, and Filmmaking

CATEGORY: FINE ARTS/VISUAL ARTS · LEADER: CHRISTIAN DELANNOY

Step into the world of movie-making and bring your biggest ideas to life! Inspired by the storytelling magic of hits like Zootopia and Inside Out, this camp puts students in the director's chair. Over six weeks, campers will use their creativity and teamwork to brainstorm, write, star in, and produce their own original short films. The experience culminates in an exciting film festival where friends and family can celebrate every student's hard work and cinematic debut!

Social Circle

CATEGORY: SPECIAL EDUCATION · LEADER: TAYLOR TURNER

Students will participate in a variety of partner and group-based activities designed to develop essential social skills that support meaningful interpersonal relationships across diverse settings. Instruction will emphasize recognizing and expressing emotions, initiating and sustaining reciprocal communication, and fostering positive, supportive friendships.

STEAM Explorers

CATEGORY: ACADEMICS/SPECIAL EDUCATION · LEADER: SIBY ANURADHA BOGGAVARAPU

In STEAM Explorers, students will dive into hands-on activities that combine science, technology, engineering, art, and math. Campers will build, experiment, create, and problem-solve while working independently and with peers. This camp is exciting, interactive, and designed to spark curiosity and confidence in young learners.

The Math Detectives

CATEGORY: MATH/ACADEMICS · LEADER: SARAH ANGUIANO

Can you use the power of numbers to crack the case and build the future? Join the Math Detective agency where campers use geometry and logic to solve “Escape Room” mysteries, calculate trajectories to launch custom-built catapults, and blueprint a professional zoo layout! Throughout the week, students will sharpen their spatial reasoning and mental math speed, proving that a true detective can engineer a solution to any mystery.

10-12 • PM

ACT Summer Prep Intensive

CATEGORY: ACADEMICS · LEADER: TAMMY TURNER

The ACT Summer Prep Intensive will equip your student with the confidence and technical skills required to master the ACT. Designed for rising 10-12 graders, this session provides a comprehensive toolkit of proven strategies across the reading, writing, and math portions of the exam. Through intensive practice and focused content reviews, students will sharpen their test-taking abilities and work to master specific methods needed for high-level scoring.

WEEK FOUR

June 22-26

AM: 9am-12pm

PM: 1pm-4pm

FULL DAY: 9am-4pm

KINDERGARTEN

K • AM

Curiosity Under the Big Top

CATEGORY: ACADEMICS · LEADER: KAYLEA CUMMINGS

Step right up and learn under the big top! This camp will immerse our youngest learners in a world of literacy, math, and science through imaginative role play, creative games, and hands-on experiments. Young explorers will develop foundational skills in a playful learning environment that celebrates curiosity and creativity.

Dance in Motion

CATEGORY: FINE ARTS/DANCE · LEADER: KHALYN COLE

Ever wonder what it's like to dance like a real pro? Led by a former Dallas Cowboys Cheerleader, this high-energy camp helps dancers find their rhythm and shine! Campers will learn cool moves like balance, posture, and alignment while practicing fun choreography that grows more exciting every day. Throughout the week, students will create their own dance steps in small groups and practice moving together in awesome formations. By the end of the week, your dancer will have the confidence and teamwork skills to put on a show-stopping final performance for everyone to see!

Entomology Explorers: Tiny Bugs, Mighty Wonders

CATEGORY: ACADEMICS/SCIENCE · LEADER: CATHY ALONZO

Give your child a fun, purposeful, and memorable summer camp experience that supports academic growth through hands-on learning and discovery. Throughout the week, students will explore insects through books, exciting challenges, and outdoor investigations—creating a pet bug, a bug hotel to take home, and an insect field guide/science journal they'll be proud to share. This engaging camp blends learning and adventure, making summer both meaningful and unforgettable.

Global Passport: World Explorer

CATEGORY: ACADEMICS · LEADER: ELIZABETH HOLDEN ORONA

Can you travel the entire world in just five days? Global Passport invites young explorers to stamp their way through a curriculum of geography, history, and the arts from every corner of the globe! Campers will build a deeper understanding of international traditions and landmarks, fostering global citizenship and a lifelong curiosity about our diverse world.

Readers & Writers on the Move

CATEGORY: ACADEMICS/LITERACY · LEADER: KRISTEN ARMIJO

From fun sound games and exciting read-alouds to solving “story mysteries” at our play-based literacy stations, campers will find their unique voice while mastering the building blocks of reading. Students will discover the magic of planning and writing their very own book in an environment where learning feels like an adventure.

When I Grow Up Camp

CATEGORY: CAREER EXPLORATION? · LEADER: KIMBERLY KARP

When I Grow Up Camp invites K-1 students to discover exciting jobs through hands-on activities and imaginative play. Campers will explore careers like engineer, firefighter, veterinarian, chef, and more while collecting stamps in their Career Passport. It's a fun way to build curiosity, confidence, and big dreams.

1 • ALL DAY

Colorful Collages & Cuddly Critters: Exploring Eric Carle & Rosemary Wells

CATEGORY: ACADEMICS/LITERACY · LEADER: SUSAN SEE

Step into the colorful world of legendary storytellers to discover the magic of classic children's literature! This camp invites students to explore the clever techniques famous authors and illustrators use to bring stories to life. Campers will get hands-on as they try out new ways to write and illustrate, eventually drafting their own whimsical storybooks. It's an exciting creative journey designed to spark a lifelong love for reading and build confidence in every young creator!

Social Circle

CATEGORY: SPECIAL EDUCATION · LEADER: TAYLOR TURNER

Students will participate in a variety of partner and group-based activities designed to develop essential social skills that support meaningful interpersonal relationships across diverse settings. Instruction will emphasize recognizing and expressing emotions, initiating and sustaining reciprocal communication, and fostering positive, supportive friendships.

STEAM Explorers

CATEGORY: ACADEMICS/SPECIAL EDUCATION · LEADER: RESHMA RAJ SIJI & ANURADHA BOGGAVARAPU

In STEAM Explorers, students will dive into fun hands-on activities that combine science, technology, engineering, art, and math. Campers will build, experiment, create, and problem-solve while working independently and with peers. This camp is exciting, interactive, and designed to spark curiosity and confidence in young learners.

CATEGORY: SPORTS · LEADER: JOHN WRIGHT

This flag football camp will help young athletes build strong fundamentals while developing confidence, teamwork and sportsmanship. Through age-appropriate drills, skill stations and friendly competition, campers strengthen passing, catching, footwork and game awareness in a supportive environment. Positive coaching emphasizes leadership, communication and character both on and off the field, creating a high-energy experience where players grow their skills and deepen their love for the game.

The Science Jumpstart

CATEGORY: ACADEMICS/SCIENCE · LEADER: MEREDITH FRIEDMAN

Science Jumpstart invites rising 2nd and 3rd graders to dive into exciting, hands-on experiments and playful STEM challenges. Campers will explore the wonders of science through fun, interactive labs and group activities, all while learning how to work safely and confidently in a science setting. This week-long adventure helps young scientists build curiosity, teamwork skills, and a foundation for success as they head into the new school year.

2 • PM

Brushstrokes & Big Ideas

CATEGORY: FINE ARTS · LEADER: CHEYENNE WILSON

Students will explore drawing, painting, and mixed media through hands-on art activities designed for elementary learners. Instruction focuses on experimentation, creativity, and making artistic choices rather than producing perfect final pieces. This camp helps students build confidence and develop a positive relationship with artmaking.

When I Grow Up Camp

CATEGORY: CAREER EXPLORATION? · LEADER: KIMBERLY KARP

When I Grow Up Camp invites K-1 students to discover exciting jobs through hands-on activities and imaginative play. Campers will explore careers like engineer, firefighter, veterinarian, chef, and more while collecting stamps in their Career Passport. It's a fun way to build curiosity, confidence, and big dreams.

2 • ALL DAY

Colorful Collages & Cuddly Critters: Exploring Eric Carle & Rosemary Wells

CATEGORY: ACADEMICS/LITERACY · LEADER: SUSAN SEE

Step into the colorful world of legendary storytellers to discover the magic of classic children's literature! This camp invites students to explore the clever techniques famous authors and illustrators use to bring stories to life. Campers will get hands-on as they try out new ways to write and illustrate, eventually drafting their own whimsical storybooks. It's an exciting creative journey designed to spark a lifelong love for reading and build confidence in every young creator!

Social Circle

CATEGORY: SPECIAL EDUCATION · LEADER: TAYLOR TURNER

Students will participate in a variety of partner and group-based activities designed to develop essential social skills that support meaningful interpersonal relationships across diverse settings. Instruction will emphasize recognizing and expressing emotions, initiating and sustaining reciprocal communication, and fostering positive, supportive friendships.

STEAM Explorers

CATEGORY: ACADEMICS/SPECIAL EDUCATION · LEADER: RESHMA RAJ SIJI & ANURADHA BOGGAVARAPU

In STEAM Explorers, students will dive into fun hands-on activities that combine science, technology, engineering, art, and math. Campers will build, experiment, create, and problem-solve while working independently and with peers. This camp is exciting, interactive, and designed to spark curiosity and confidence in young learners.

THIRD GRADE

All Athletes Sports Camp

CATEGORY: SPORTS/SPECIAL EDUCATION · LEADER: SKYLAR PLUMMER

The All Athletes Sports Camp is designed to build confidence in foundational sports skills such as hopping, running, and jumping, while also providing opportunities for students to develop more complex abilities through group sports like soccer and basketball. By intentionally integrating fine motor skill development during structured leisure activities, the program supports a whole-child approach to physical activity that promotes growth, coordination, and confidence for all participants.

Cooperation Station

CATEGORY: SPECIAL EDUCATION · LEADER: LEA MELITA & STACY BENFORD

Through hands-on activities like crafting, cooking, acting, and collaborative play, campers learn how to communicate, work together, express emotions, and build friendships—all in a fun, supportive environment. Social learning is woven naturally into every activity, helping kids grow confidence and connection while doing what they love.

Flag Football Camp

CATEGORY: SPORTS · LEADER: JOHN WRIGHT

This flag football camp will help young athletes build strong fundamentals while developing confidence, teamwork and sportsmanship. Through age-appropriate drills, skill stations and friendly competition, campers strengthen passing, catching, footwork and game awareness in a supportive environment. Positive coaching emphasizes leadership, communication and character both on and off the field, creating a high-energy experience where players grow their skills and deepen their love for the game.

This week-long adventure helps young scientists build curiosity, teamwork skills, and a foundation for success as they head into the new school year.

The STEAM Hub

CATEGORY: ACADEMICS/STEAM · LEADER: NICHOLE ARYANPUR

Unleash your inner inventor in this exciting camp where technology meets the arts! Students will tackle epic STEAM design challenges, from programming robotics to creating original digital animations. By blending engineering with digital art, campers work in teams to prototype and present unique solutions to real-world problems while building the technical skills and creative confidence needed to shape the future.

3 • PM

Brushstrokes & Big Ideas

CATEGORY: FINE ARTS · LEADER: CHEYENNE WILSON

Students will explore drawing, painting, and mixed media through hands-on art activities designed for elementary learners. Instruction focuses on experimentation, creativity, and making artistic choices rather than producing perfect final pieces. This camp helps students build confidence and develop a positive relationship with artmaking.

Dance in Motion

CATEGORY: FINE ARTS/DANCE · LEADER: KHALYN COLE

Ever wonder what it's like to dance like a real pro? Led by a former Dallas Cowboys Cheerleader, this high-energy camp helps dancers find their rhythm and shine! Campers will learn cool moves like balance, posture, and alignment while practicing fun choreography that grows more exciting every day. Throughout the week, students will create their own dance steps in small groups and practice moving together in awesome formations. By the end of the week, your dancer will have the confidence and teamwork skills to put on a show-stopping final performance for everyone to see!

This flag football camp will help young athletes build strong fundamentals while developing confidence, teamwork and sportsmanship. Through age-appropriate drills, skill stations and friendly competition, campers strengthen passing, catching, footwork and game awareness in a supportive environment. Positive coaching emphasizes leadership, communication and character both on and off the field, creating a high-energy experience where players grow their skills and deepen their love for the game.

Math in Motion

CATEGORY: ACADEMICS/MATH · LEADER: CHLOE MCCARTY

Who says math is a “sit-down” subject? Math in Motion brings learning to life with high-energy games, hands-on math challenges! Campers will move, and collaborate to strengthen core skills and build confidence in their math knowledge. It’s the perfect way to have a blast while keeping that school-year momentum going all summer long!

Readers' Round Table

CATEGORY: ACADEMIC/LITERACY · LEADER: ALTA FENE

Campers will connect with fellow book lovers in this discussion-based club! Designed for 4th and 5th graders, this experience moves beyond the surface to help readers “read between the lines” and uncover the secrets behind their favorite characters and plots. Through collaborative book talks and deep-dive analysis, campers will sharpen their perspective and gain the confidence to share their own unique ideas.

The Cookie Canvas

CATEGORY: FINE ARTS · LEADER: JEANA LEON & ALYSSA EICH

Discover the art and science of the baking in this high-energy, hands-on sugar cookie workshop! Students will learn essential kitchen safety and baking fundamentals before diving into the creative world of decorating. From baking the cookies to decorating them by hand, campers will transform ordinary cookies into edible works of art.

The STEAM Hub

By the end of the week, your dancer will have the confidence and teamwork skills to put on a show-stopping final performance for everyone to see!

Energize! Cardio & Strength Training Camp

CATEGORY: SPORTS · LEADER: DEYONNA DAVIS

Get moving in this high-energy fitness camp where students learn fun, choreographed cardio routines and strength training set to music. Campers will build confidence, coordination, and healthy habits while working together toward a final group routine. It’s an exciting blend of movement, music, and teamwork that makes fitness fun.

Math Foundations & Fluency

CATEGORY: ACADEMIC/MATH · LEADER: JESSICA SHOCK

Math Foundations & Fluency helps campers build unstoppable foundations by focusing on rapid fact fluency and technical vocabulary through competitive games and logic puzzles. Students will sharpen their math accuracy and skills needed to bridge the gap to more advanced problem-solving.

Myths, Mysteries & Legends

CATEGORY: ACADEMIC/LITERACY · LEADER: BARBARA REED

Is Bigfoot hiding in the deep woods, or is the Loch Ness Monster lurking beneath the waves? Step into a world of mystery as we explore legendary myths from around the globe! Students will compare famous tales to uncover their hidden lessons before bringing their own legends to life. Campers will design unique characters and settings to write and draw a one-page comic strip. Students will leave as master storytellers ready to share their own mythic adventures!

The Design Collective

CATEGORY: FINE ARTS · LEADER: NANCY RODRIGUEZ

Step into the shoes of a lead designer to learn the art of fashion and interior spaces! This high-energy workshop focuses on the principles of color, balance, and layout while building a creative portfolio. Learning how to use math, art, and history, students develop the skills and confidence needed to turn big ideas into real designs.

The STEAM Hub

CATEGORY: ACADEMICS/STEAM · LEADER: NICHOLE ARYANPUR

Unleash your inner inventor in this exciting camp where technology meets the arts! Students will tackle epic STEAM design challenges, from programming robotics to creating original digital animations. By blending engineering with digital art, campers work in teams to prototype and present unique solutions to real-world problems while building the technical skills and creative confidence needed to shape the future.

Write On & Speak Up

CATEGORY: ACADEMICS: LITERACY · LEADER: ALICIA REYNOLDS

Do you have a story inside you waiting to be told to the world? Right On & Speak Up transforms campers into authors and performers as they master the power of the spoken and written word. Through original stories, poems, and skits, students will sharpen their literacy and writing skills while they gain the confidence to share their unique visions on the center stage.

4 • ALL DAY

Architects of Adventure

CATEGORY: ACADEMICS - STEM · LEADER: JENNIFER HAMIL-RENFRO

Campers dive into hands-on projects to create and problem-solve in exciting ways, such as designing mini-golf courses or building entire ecosystems. Each week offers a new adventure that combines learning with fun, giving students the chance to collaborate and see their ideas come to life. By applying real-world skills in science, math, and creativity, campers build lasting memories while tackling the challenges of tomorrow.

Friends, Fun, and Filmmaking

CATEGORY: FINE ARTS/VISUAL ARTS · LEADER: CHRISTIAN DELANNOY

Step into the world of movie-making and bring your biggest ideas to life! Inspired by the storytelling magic of hits like Zootopia and Inside Out, this camp puts students in the director's chair. Over six weeks, campers will use their creativity and teamwork to brainstorm, write, star in, and produce their own original short films. The experience culminates in an exciting film festival where friends and family can celebrate every student's hard work and cinematic debut!

Move, Play, Explore

CATEGORY: SPORTS · LEADER: TRACY ROBERTSON

Students will move, play, and explore in this camp led by a certified Physical Education teacher. Campers will dive into fitness and sports basics through high-energy group games that build sportsmanship and teamwork. It's the perfect environment for campers to build confidence, improve fitness, and discover a lifelong love of movement!

Social Circle

Curiosity Under the Big Top

CATEGORY: ACADEMICS · LEADER: KAYLEA CUMMINGS

Step right up and learn under the big top! This camp will immerse our youngest learners in a world of literacy, math, and science through imaginative role play, creative games, and hands-on experiments. Young explorers will develop foundational skills in a playful learning environment that celebrates curiosity and creativity.

Entomology Explorers: Tiny Bugs, Mighty Wonders

CATEGORY: ACADEMICS/SCIENCE · LEADER: CATHY ALONZO

Give your child a fun, purposeful, and memorable summer camp experience that supports academic growth through hands-on learning and discovery. Throughout the week, students will explore insects through books, exciting challenges, and outdoor investigations—creating a pet bug, a bug hotel to take home, and an insect field guide/science journal they'll be proud to share. This engaging camp blends learning and adventure, making summer both meaningful and unforgettable.

K • PM

Readers & Writers on the Move

CATEGORY: ACADEMICS/LITERACY · LEADER: KRISTEN ARMIJO

From fun sound games and exciting read-alouds to solving “story mysteries” at our play-based literacy stations, campers will find their unique voice while mastering the building blocks of reading. Students will discover the magic of planning and writing their very own book in an environment where learning feels like an adventure.

The STEAM Hub

CATEGORY: ACADEMICS/STEAM · LEADER: NICHOLE ARYANPUR

Unleash your inner inventor in this exciting camp where technology meets the arts! Students will tackle epic STEAM design challenges, from programming robotics to creating original digital animations. By blending engineering with digital art, campers work in teams to prototype and present unique solutions to real-world problems while building the technical skills and creative confidence needed to shape the future.

K • ALL DAY

Move, Play, Explore

CATEGORY: SPORTS · LEADER: TRACY ROBERTSON

Students will move, play, and explore in this camp led by a certified Physical Education teacher. Campers will dive into fitness and sports basics through high-energy group games that build sportsmanship and teamwork. It's the perfect environment for campers to build confidence, improve fitness, and discover a lifelong love of movement!

FIRST GRADE

1 • AM

Brushstrokes & Big Ideas

CATEGORY: FINE ARTS · LEADER: CHEYENNE WILSON

Students will explore drawing, painting, and mixed media through hands-on art activities designed for elementary learners. Instruction focuses on experimentation, creativity, and making artistic choices rather than producing perfect final pieces. This camp helps students build confidence and develop a positive relationship with artmaking.

Curiosity Under the Big Top

CATEGORY: ACADEMICS · LEADER: KAYLEA CUMMINGS

Step right up and learn under the big top! This camp will immerse our youngest learners in a world of literacy, math, and science through imaginative role play, creative games, and hands-on experiments. Young explorers will develop foundational skills in a playful learning environment that celebrates curiosity and creativity.

Entomology Explorers: Tiny Bugs, Mighty Wonders

CATEGORY: ACADEMICS/SCIENCE · LEADER: CATHY ALONZO

Give your child a fun, purposeful, and memorable summer camp experience that supports academic growth through hands-on learning and discovery. 1 • ALL DAY

Folk Tales & Forest Trails: Exploring Tomie dePaola & Jan Brett

CATEGORY: ACADEMIC/LITERACY · LEADER: SUSAN SEE

Step into the colorful world of legendary storytellers to discover the magic of classic children’s literature! This camp invites students to explore the clever techniques famous authors and illustrators use to bring stories to life. Campers will get hands-on as they try out new ways to write and illustrate, eventually drafting their own whimsical storybooks. It’s an exciting creative journey designed to spark a lifelong love for reading and build confidence in every young creator!

Move, Play, Explore

CATEGORY: SPORTS · LEADER: TRACY ROBERTSON

Students will move, play, and explore in this camp led by a certified Physical Education teacher. Campers will dive into fitness and sports basics through high-energy group games that build sportsmanship and teamwork. It's the perfect environment for campers to build confidence, improve fitness, and discover a lifelong love of movement!

STEAM Explorers

CATEGORY: ACADEMICS/SPECIAL EDUCATION · LEADER: ANURADHA BOGGAVARAPU

In STEAM Explorers, students will explore hands-on activities that combine science, technology, engineering, art, and math. Campers will build, experiment, create, and problem-solve while working independently and with peers. The camp is exciting, interactive, and designed to spark curiosity and confidence in young learners.

Brushstrokes & Big Ideas

CATEGORY: FINE ARTS · LEADER: CHEYENNE WILSON

Students will explore drawing, painting, and mixed media through hands-on art activities designed for elementary learners. Instruction focuses on experimentation, creativity, and making artistic choices rather than producing perfect final pieces. This camp helps students build confidence and develop a positive relationship with artmaking.

Global Passport: World Explorer

CATEGORY: ACADEMICS · LEADER: ELIZABETH HOLDEN ORONA

Can you travel the entire world in just five days? Global Passport invites young explorers to stamp their way through a curriculum of geography, history, and the arts from every corner of the globe! Campers will build a deeper understanding of international traditions and landmarks, fostering global citizenship and a lifelong curiosity about our diverse world.

Sew & Grow

CATEGORY: SPECIAL EDUCATION · LEADER: BREANNA RIVAS

Sew & Grow provides a supportive, small-group environment where students strengthen fine motor skills, coordination and confidence through hands-on stitching projects. Each session begins with focused warm-ups to build hand strength and reinforce foundational writing skills before introducing a new stitch. Students follow step-by-step instruction and apply their learning to purposeful creations they can proudly take home. Throughout the week, campers build independence, practice collaboration and experience success in a calm, structured setting designed to support individual growth.

The Science Jumpstart

CATEGORY: ACADEMICS/SCIENCE · LEADER: MEREDITH FRIEDMAN

Science Jumpstart invites rising 2nd and 3rd graders to dive into exciting, hands-on experiments and playful STEM challenges. Campers will explore the wonders of science through fun, interactive labs and group activities, all while learning how to work safely and confidently in a science setting. This week-long adventure helps young scientists build curiosity, teamwork skills, and a foundation for success as they head into the new school year.

2 • PM

All Athletes Sports Camp

CATEGORY: SPORTS/SPECIAL EDUCATION · LEADER: SKYLAR PLUMMER

The All Athletes Sports Camp is designed to build confidence in foundational sports skills such as hopping, running, and jumping, while also providing opportunities for students to develop more complex abilities through group sports like soccer and basketball. By intentionally integrating fine motor skill development during structured leisure activities, the program supports a whole-child approach to physical activity that promotes growth, coordination, and confidence for all participants.

FOURTH GRADE

4 • AM

Code a Dance Party

CATEGORY: ACADEMICS/STEM · LEADER: TIA BIAMONT, KELLI SNYDER

Code your own Dance Party! Before dancing the day away, students will first learn how to create music through coding. After their music masterpiece is complete, campers will work together to build coding sequences to teach their robot to dance.

Dance Discovery

CATEGORY: FINE ARTS/DANCE · LEADER: EMMA WOODROW

Find your groove in this high-energy beginner dance camp! Students build confidence and coordination through daily warm-ups, rhythm stations, and footwork drills. Campers will experiment with their own original moves and learn a complete choreographed routine. It's the perfect blend of technique, creative expression, and performance-ready fun!

Energize! Cardio & Strength Training Camp

CATEGORY: SPORTS · LEADER: DEYONNA DAVIS

Get moving in this high-energy fitness camp where students learn fun, choreographed cardio routines and strength training set to music. Campers will build confidence, coordination, and healthy habits while working together toward a final group routine. It's an exciting blend of movement, music, and teamwork that makes fitness fun.

Readers' Round Table

CATEGORY: ACADEMIC/LITERACY · LEADER: ALTA FENE

Campers will connect with fellow book lovers in this discussion-based club! Designed for 4th and 5th graders, this experience moves beyond the surface to help readers “read between the lines” and uncover the secrets behind their favorite characters and plots. Through collaborative book talks and deep-dive analysis, campers will sharpen their perspective and gain the confidence to share their own unique ideas.

Sew & Grow

CATEGORY: SPECIAL EDUCATION · LEADER: BREANNA RIVAS

Sew & Grow provides a supportive, small-group environment where students strengthen fine motor skills, coordination and confidence through hands-on stitching projects. Each session begins with focused warm-ups to build hand strength and reinforce foundational writing skills before introducing a new stitch. Students follow step-by-step instruction and apply their learning to purposeful creations they can proudly take home. Throughout the week, campers build independence, practice collaboration and experience success in a calm, structured setting designed to support individual growth.

STEM Quest

CATEGORY: ACADEMICS/STEM · LEADER: LAYNE SCHRAMM

Get ready to build, test, and think like an engineer in this high-energy experience! Campers will tackle real-world challenges by designing bridges, racing custom rubber band cars, and constructing earthquake-resistant towers. Throughout the week, students will use math skills like geometry and probability to improve their designs before showcasing their favorite invention at the grand STEM Expo.

The Cookie Canvas

CATEGORY: FINE ARTS · LEADER: JEANA LEON & ALYSSA EICH

Discover the art and science of the baking in this high-energy, hands-on sugar cookie workshop! Students will learn essential kitchen safety and baking fundamentals before diving into the creative world of decorating. From baking the cookies to decorating them by hand, campers will transform ordinary cookies into edible works of art.

Weave, Stitch, Snuggle!

CATEGORY: FINE ARTS · LEADER: MELISSA MARINO

Campers will transform simple yarn into a cuddly companion by mastering the over-under weaving technique to create their own custom fabric. After designing a unique pattern, students use embroidery and sewing skills to bring a one-of-a-kind plushie to life from scratch. Throughout the week, participants sharpen their hand-eye coordination and patience, leaving with a handmade friend and the foundational skills of textile design.

Write On & Speak Up

CATEGORY: ACADEMICS: LITERACY · LEADER: ALICIA REYNOLDS

Do you have a story inside you waiting to be told to the world? Right On & Speak Up transforms campers into authors and performers as they master the power of the spoken and written word. Through original stories, poems, and skits, students will sharpen their literacy and writing skills while they gain the confidence to share their unique visions on the center stage.

4 • PM

Brushstrokes & Big Ideas

CATEGORY: FINE ARTS · LEADER: CHEYENNE WILSON

Students will explore drawing, painting, and mixed media through hands-on art activities designed for elementary learners. Instruction focuses on experimentation, creativity, and making artistic choices rather than producing perfect final pieces. This camp helps students build confidence and develop a positive relationship with artmaking.

Future Founders Face-Off

CATEGORY: ACADEMICS/ENTREPRENEURSHIP · LEADER: TORIE ROBINSON

Step into an exciting introduction to entrepreneurship with the Future Founders Face-Off! This camp will empower students to become problem-solvers as they identify a real-world challenge and create a product to solve it. Students will also get the chance to practice their public speaking skills as they pitch their ideas to real business leaders.

Myths, Mysteries & Legends

CATEGORY: ACADEMIC/LITERACY · LEADER: BARBARA REED

Is Bigfoot hiding in the deep woods, or is the Loch Ness Monster lurking beneath the waves? Step into a world of mystery as we explore legendary myths from around the globe! Students will compare famous tales to uncover their hidden lessons before bringing their own legends to life. Campers will design unique characters and settings to write and draw a one-page comic strip. Students will leave as master storytellers ready to share their own mythic adventures!

4 • ALL DAY

Architects of Adventure

CATEGORY: ACADEMICS - STEM · LEADER: JENNIFER HAMIL-RENFRO

Campers dive into hands-on projects to create and problem-solve in exciting ways, such as designing mini-golf courses or building entire ecosystems. Each week offers a new adventure that combines learning with fun, giving students the chance to collaborate and see their ideas come to life. By applying real-world skills in science, math, and creativity, campers build lasting memories while tackling the challenges of tomorrow.

Friends, Fun, and Filmmaking

CATEGORY: FINE ARTS/VISUAL ARTS · LEADER: CHRISTIAN DELANNOY

Step into the world of movie-making and bring your biggest ideas to life! Inspired by the storytelling magic of hits like Zootopia and Inside Out, this camp puts students in the director's chair. Over six weeks, campers will use their creativity and teamwork to brainstorm, write, star in, and produce their own original short films. The experience culminates in an exciting film festival where friends and family can celebrate every student's hard work and cinematic debut!

STEAM Explorers

CATEGORY: ACADEMICS/SPECIAL EDUCATION · LEADER: TIA BIAMONT, TIA SIJITHANURADHA BOGGAVARAPU

In STEAM Explorers, students will engage in hands-on activities that combine science, technology, engineering, art, and math. Campers will build, experiment, create, and problem-solve while working independently and with peers. The camp is exciting, interactive, and designed to spark curiosity and confidence in young learners.

Weave, Stitch, Snuggle!

CATEGORY: FINE ARTS · LEADER: MELISSA MARINO

Campers will transform simple yarn into a cuddly companion by mastering the over-under weaving technique to create their own custom fabric. After designing a unique pattern, students use embroidery and sewing skills to bring a one-of-a-kind plushie to life from scratch. Throughout the week, participants sharpen their hand-eye coordination and patience, leaving with a handmade friend and the foundational skills of textile design.

Write On & Speak Up

CATEGORY: ACADEMICS: LITERACY · LEADER: ALICIA REYNOLDS

Do you have a story inside you waiting to be told to the world? Right On & Speak Up transforms campers into authors and performers as they master the power of the spoken and written word. Through original stories, poems, and skits, students will sharpen their literacy and writing skills while they gain the confidence to share their unique visions on the center stage.

6 • ALL DAY

Friends, Fun, and Filmmaking

CATEGORY: FINE ARTS/VISUAL ARTS · LEADER: CHRISTIAN DELANNOY

Step into the world of movie-making and bring your biggest ideas to life! Inspired by the storytelling magic of hits like Zootopia and Inside Out, this camp puts students in the director's chair. Over six weeks, campers will use their creativity and teamwork to brainstorm, write, star in, and produce their own original short films. The experience culminates in an exciting film festival where friends and family can celebrate every student's hard work and cinematic debut!

STEAM Explorers

CATEGORY: ACADEMICS/SPECIAL EDUCATION · LEADER: SHRITHA ASHAIJANANURADHA BOGGAVARAPU

In STEAM Explorers, students will engage in hands-on activities that combine science, technology, engineering, art, and math. Campers will build, experiment, and problem-solve while working independently and with peers. The camp is exciting, interactive, and designed to spark curiosity and confidence in young learners.

10TH - 12TH GRADE

10-12 • AM

SAT Summer Prep Intensive

CATEGORY: ACADEMICS · LEADER: TAMMY TURNER

The SAT Summer Prep Intensive will equip you with the confidence and technical skills required to master the SAT. Designed for rising 10th graders, this session provides a comprehensive toolkit of proven strategies across the reading, writing, and math portions of the exam. Through intensive practice and focused content reviews, students will sharpen their critical thinking abilities and work to master specific methods needed for high-level scoring.

10-12 • PM

WEEK SIX

July 20-24

AM: 9am-12pm

PM: 1pm-4pm

FULL DAY: 9am-4pm

KINDERGARTEN

K • AM

Entomology Explorers: Tiny Bugs, Mighty Wonders

CATEGORY: ACADEMICS/SCIENCE · LEADER: CATHY ALONZO

Give your child a fun, purposeful, and memorable summer camp experience that supports academic growth through hands-on learning and discovery. Throughout the week, students will explore insects through books, exciting challenges, and outdoor investigations—creating a pet bug, a bug hotel to take home, and an insect field guide/science journal they'll be proud to share. This engaging camp blends learning and adventure, making summer both meaningful and unforgettable.

Readers & Writers on the Move

CATEGORY: ACADEMICS/LITERACY · LEADER: KRISTEN ARMIJO

From fun sound games and exciting read-alouds to solving “story mysteries” at our play-based literacy stations, campers will find their unique voice while mastering the building blocks of reading. Students will discover the magic of planning and writing their very own book in an environment where learning feels like an adventure.

K • PM

Brushstrokes & Big Ideas

CATEGORY: FINE ARTS · LEADER: CHEYENNE WILSON

Students will explore drawing, painting, and mixed media through hands-on art activities designed for elementary learners. Instruction focuses on experimentation, creativity, and making artistic choices rather than producing perfect final pieces. This camp helps students build confidence and develop a positive relationship with artmaking.

Literacy Launch Camp

CATEGORY: SPECIAL EDUCATION · LEADER: CHRISTINA THURMAN

Build reading confidence in this multi-sensory camp! Students will strengthen phonics and decoding skills through “sound hopping,” arm tapping, and sand tray practice. Designed for diverse learners, this small-group setting uses research-based strategies to foster independence and reading success.

1 • ALL DAY

Cats in Hats and Chairs that Care: Exploring Dr. Seuss & Vera B. Williams

CATEGORY: ACADEMIC/LITERACY · LEADER: SUSAN SEE

Step into the colorful world of legendary storytellers to discover the magic of classic children’s literature! This camp invites students to explore the clever techniques famous authors and illustrators use to bring stories to life. Campers will get hands-on as they try out new ways to write and illustrate, eventually drafting their own whimsical storybooks. It’s an exciting creative journey designed to spark a lifelong love for reading and build confidence in every young creator!

STEAM Explorers

CATEGORY: ACADEMICS/SPECIAL EDUCATION · LEADER: RESHMA KUNJUSI & ANURADHA BOGGAVARAPU

In STEAM Explorers, students will dive into hands-on activities that combine science, technology, engineering, art, and math. Campers will build, experiment, create, and problem-solve while working independently and with peers. This camp is exciting, interactive, and designed to spark curiosity and confidence in young learners.

SECOND GRADE

2 • AM

All Athletes Sports Camp

CATEGORY: SPORTS/SPECIAL EDUCATION · LEADER: SKYLAR PLUMMER

The All Athletes Sports Camp is designed to build confidence in foundational sports skills such as hopping, running, and jumping, while also providing opportunities for students to develop more complex abilities through group sports like soccer and basketball. By intentionally integrating fine motor skill development during structured leisure activities, the program supports a whole-child approach to physical activity that promotes growth, coordination, and confidence for all participants.

Dance Discovery

CATEGORY: FINE ARTS/DANCE · LEADER: EMMA WOODROW

Find your groove in this high-energy beginner dance camp! Students build confidence and coordination through daily warm-ups, rhythm stations, and footwork drills. Campers will experiment with their own original moves and learn a complete choreographed routine. It's the perfect blend of technique, creative expression, and performance-ready fun!

Sew & Grow

CATEGORY: SPECIAL EDUCATION · LEADER: BREANNA RIVAS

Sew & Grow provides a supportive, small-group environment where students strengthen fine motor skills, coordination and confidence through hands-on stitching projects. Each session begins with focused warm-ups to build hand strength and reinforce foundational writing skills before introducing a new stitch. Students follow step-by-step instruction and apply their learning to purposeful creations they can proudly take home. Throughout the week, campers build independence, practice collaboration and experience success in a calm, structured setting designed to support individual growth.

This camp is exciting, interactive, and designed to spark curiosity and confidence in young learners.

FOURTH GRADE

4 • AM

Brushstrokes & Big Ideas

CATEGORY: FINE ARTS · LEADER: CHEYENNE WILSON

Students will explore drawing, painting, and mixed media through hands-on art activities designed for elementary learners. Instruction focuses on experimentation, creativity, and making artistic choices rather than producing perfect final pieces. This camp helps students build confidence and develop a positive relationship with artmaking.

Code a Dance Party

CATEGORY: ACADEMICS/STEM · LEADER: TIA BIAMONT, KELLI SNYDER

Code your own Dance Party! Before dancing the day away, students will first learn how to create music through coding. After their music masterpiece is complete, campers will work together to build coding sequences to teach their robot to dance.

Global Passport: World Explorer

CATEGORY: ACADEMICS · LEADER: ELIZABETH HOLDEN ORONA

Can you travel the entire world in just five days? Global Passport invites young explorers to stamp their way through a curriculum of geography, history, and the arts from every corner of the globe! Campers will build a deeper understanding of international traditions and landmarks, fostering global citizenship and a lifelong curiosity about our diverse world.

Math in Motion

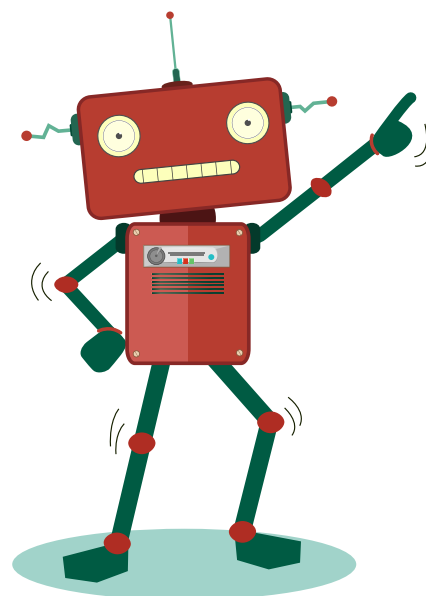

CATEGORY: ACADEMICS/MATH · LEADER: CHLOE MCCARTY

Who says math is a “sit-down” subject? Math in Motion brings learning to life with high-energy games, hands-on math challenges! Campers will move, and collaborate to strengthen core skills and build confidence in their math knowledge. It’s the perfect way to have a blast while keeping that school-year momentum going all summer long!

Myths, Mysteries & Legends

CATEGORY: ACADEMIC/LITERACY · LEADER: BARBARA REED

Is Bigfoot hiding in the deep woods, or is the Loch Ness Monster lurking beneath the waves? Step into a world of mystery as we explore legendary myths from around the globe! Students will compare famous tales to uncover their hidden lessons before bringing their own legends to life. Campers will design unique characters and settings to write and draw a one-page comic strip. Students will leave as master storytellers ready to share their own mythic adventures!

Sew & Grow

CATEGORY: SPECIAL EDUCATION · LEADER: BREANNA RIVAS

Sew & Grow provides a supportive, small-group environment where students strengthen fine motor skills, coordination and confidence through hands-on stitching projects. Each session begins with focused warm-ups to build hand strength and reinforce foundational writing skills before introducing a new stitch. Students follow step-by-step instruction and apply their learning to purposeful creations they can proudly take home. Throughout the week, campers build independence, practice collaboration and experience success in a calm, structured setting designed to support individual growth.

The Design Collective

CATEGORY: FINE ARTS · LEADER: NANCY RODRIGUEZ

Step into the shoes of a lead designer to learn the art of fashion and interior spaces! This high-energy workshop focuses on the principles of color, balance, and layout while building a creative portfolio. Learning how to use math, art, and history, students develop the skills and confidence needed to turn big ideas into real designs.

4 • PM

Future Founders Face-Off

CATEGORY: ACADEMICS/ENTREPRENEURSHIP · LEADER: TORIE ROBINSON

Step into an exciting introduction to entrepreneurship with the Future Founders Face-Off! This camp will empower students to become problem-solvers as they identify a real-world challenge and create a product to solve it. Students will also get the chance to practice their public speaking skills as they pitch their ideas to real business leaders.

Math Foundations & Fluency

CATEGORY: ACADEMIC/MATH · LEADER: JESSICA SHOCK

Math Foundations & Fluency helps campers build unstoppable foundations by focusing on rapid fact fluency and technical vocabulary through competitive games and logic puzzles. Students will sharpen their math accuracy and skills needed to bridge the gap to more advanced problem-solving.

Prototypes & Pitches

CATEGORY: ACADEMICS/STEM · LEADER: AMY TANDBERG

Step into the shoes of a future-ready inventor in this high-energy engineering and technology camp! Students will master at least three different types of coding and learn structural basics to complete a major building project. Throughout the week, campers work in teams to tackle five unique STEM challenges, culminating in the creation of their very own original invention. The experience concludes with a professional-style presentation where students showcase their prototypes and pitch their ideas to the group!

Readers' Round Table

CATEGORY: ACADEMIC/LITERACY · LEADER: ALTA FENE

Campers will connect with fellow book lovers in this discussion-based club! Designed for 4th and 5th graders, this experience moves beyond the surface to help readers “read between the lines” and uncover the secrets behind their favorite characters and plots. Through collaborative book talks and deep-dive analysis, campers will sharpen their perspective and gain the confidence to share their own unique ideas.

SAT Summer Prep Intensive

CATEGORY: ACADEMICS · LEADER: TAMMY TURNER

The SAT Summer Prep Intensive will equip your student with the confidence and technical skills required to master the SAT. Designed for rising 10th-12th graders, this session provides a comprehensive toolkit of proven strategies across the reading, writing, and math portions of the exam. Through intensive practice and focused content reviews, students will sharpen their reasoning abilities and work to master specific methods needed for high-level scoring.
